Index to Wallaces' Farmer and Iowa Homestead

Volume 82 JANUARY TO DECEMBER, 1957, INCLUSIVE **Numbers 1 to 24**

General Index

Aberdeen Angus Association, Iowa, new officers in, 2-16-57, p. 79
Abortions on pasture, cattle, 3-2-57, p. 88
Accident, auto, things to do if you are in, 5-4-57, p. 58
Accidents, auto, back the attack on, 1-5-57, p. 8
during harvest, suggestions for preventing farm, 9-21-57, p. 24
farm, doctors report, 10-5-57, p. 55
farm, doctors in two counties report on, 10-5-57, p. 55
many farm, reported during harvest, 9-21-57, p. 24
traffic, nation-wide attack on, 1-5-57, p. 8
various causes of, 3-16-57, p. 83
ACP maximum payments jump to $2,500 per individual, 12-21-57, p. 4
program offers long-term benefits, 12-21-57, p. 4
Acre allotments for 1957, offer make-shift hike in, 4-6-57, p. 18
Acreage cut heaviest in corn belt, 4-6-57, p. 16
reserve program in 1958, tighter rules for, 8-17-57, p. 8
Additives, fuel or oil, not advisable, 7-20-57, p. 36
Age of farmers, average, 10-5-57, p. 30
Agricultural commodity groups met in Washington, 37, 9-7-57, p. 10
conservation program, long term benefits and production adjustment provided in, 12-21-57, p. 4
research on production techniques should continue, 6-15-57, p. 44
research policy committee of USDA, LeRoy Getting named to, 11-16-57, p. 39
Agriculture is important, why, 3-2-57, p. 98
needs federal help in price battle, says, 3-16-57, p. 38
Agronomy field day, Ames, Iowa, 6-1-57, p. 37
Aiken's food plan, 3-2-57, p. 92
Air conditioner, points to consider before buying an, 7-20-57, p. 20
Albrecht, R., new editor of Wallaces' Farmer and Iowa Homestead, 8-3-57, p. 24
Alfalfa aphid, spotted insect threat, 2-2-57, p. 42
aphid, spotted, newest insect threat, 2-2-57, p. 42
-Brome, top forage mix is, 2-16-57, p. 93
crops plagued by soil insects, 12-7-57, p. 8
American National Cattlemen's Association, Oklahoma City, Oklahoma, 10-5-57, p. 64; 10-19-57, p. 59; 11-16-57, p. 39
American people eating, how well, 5-4-57, p. 33
Polled Shorthorn Society, new officers of, 4-6-57, p. 81
Soybean Association 37th annual convention, 8-17-57, p. 77
Soybean Association, 37th annual convention, 6-15-57, p. 59
Amino Triazole for eradication of Canada thistles, 3-2-57, p. 46
triazole good treatment for poison ivy, 2-2-57, p. 45
triazole kills Canada thistles, 8-17-57, p. 63
Anemia preventive for pigs, 3-2-57, p. 91
Angus, Iowa, chosen reserve champ at International, 12-21-57, p. 24
Animal agriculture, institute of, Purdue University, 3-2-57, p. 97; 4-6-57, p. 81
disease research laboratory, USDA, 2-16-57, p. 61
husbandry, science gets deeper and deeper into, 2-2-57, p. 59
Animals, tame, can cause accidents, 3-16-57, p. 83
Antibiotic aids stress, liver, 11-2-57, p. 27
to steers, feed, 5-18-57, p. 65
Anvil, vise, old plow frame welded together form handy, 6-15-57, p. 20
Aphids never harmed sorghum crop in Iowa, 12-7-57, p. 8
spotted alfalfa, vanished, 5-18-57, p. 22
Argentina, canned beef imported from, 9-21-57, p. 31
Arms race? can we check, 5-18-57, p. 32
ASC elections, percent of eligible voters who cast ballots in, 9-7-57, p. 87
office be run by manager or farmer committee? should county, 6-15-57, p. 25
office employees cited for 20 years of federal service, 5-18-57, p. 25
Aspergillosis causes respiratory trouble in turkeys, 8-17-57, p. 49
Atomic war should break out, what to do if, 7-6-57, p. 18
Aureomycin fed to ewe lambs increased gains, 2-16-57, p. 78
Australians study dairy plan, 8-3-57, p. 41
Auto accidents, Iowa, 1956, happened on rural roads, most serious, 2-16-57, p. 50
accidents, you can stop, 2-16-57, p. 50
Award to Dr. B. T. Sims, first distinguished service research, 5-4-57, p. 44
Ayrshire Breeders Association, Iowa, new officers of, 12-21-57, p. 23
Breeders Association meeting, annual, Cedar Rapids, 4-6-57, p. 81; 4-20-57, p. 71; 5-4-57, p. 63
Bail, why accused person set free on, 3-2-57, p. 63
Baler, used, before you buy a, 5-4-57, p. 70
Bang's certified goal, Iowa near, 8-3-57, p. 24
make progress against, 2-16-57, p. 92
"Bank" acres, what happened to, 10-5-57, p. 40
Federal Land, reaches forty, 6-1-57, p. 6
for eroded acres, 4-6-57, p. 21
Bankers send Four-H'ers to Chicago, 12-21-57, p. 20
Barrow, grand champion, at Iowa state spring market hog show, 3-16-57, p. 81
Barrow show, Chicago, 2-16-57, p. 79
show, Chicago, Iowa hog raisers dominated, 3-16-57, p. 81
show, Iowans win at, 10-5-57, p. 63
show, Minnesota state spring, 1-5-57, p. 47; 1-19-57, p. 37; 2-16-57, p. 79
show, Mississippi Valley, Davenport, 3-2-57, p. 97
show, national, Austin, Minnesota, 6-15-57, p. 59; 7-6-57, p. 31; 8-3-57, p. 57; 8-17-57, p. 77; 9-7-57, p. 87
show, national, judges of champions at, 6-15-57, p. 59
spotted Poland China, won grand championship honors at Iowa state fair, 9-21-57, p. 26
show, spotted Poland wins, 9-21-57, p. 26
Bass and bluegills best for farm ponds, 9-7-57, p. 63
Battery hydrometer, inexpensive, (Sketch), 10-19-57, p. 53
Bean straw for bedding, 5-4-57, p. 33
Bee colonies increased in United States last year, 9-7-57, p. 87
intruders, getting rid of, 8-17-57, p. 55
publications, 2-16-57, p. 46
Beef animal for future, what kind of, 2-2-57, p. 58
calves' growing ability inherited from herd bull, 10-5-57, p. 30
producers looking for yardstick to use in selecting leaner, meatier animals, 10-19-57, p. 30
Bedding, advantages of using chopped corn stalks for, 11-2-57, p. 26
for pigs? what, 2-16-57, p. 34
livestock, recommends bean straw for, 5-4-57, p. 33
Beef and mutton imported from communist China during 1957 by Egypt, 4-20-57, p. 76
and pork carcasses, French ministry of agriculture set minimum price supports for, 5-18-57, p. 55
and veal put meat supplies up, 3-16-57, p. 76
at lowest cost, making, 8-17-57, p. 67
canned corn, export tax removed from, 9-21-57, p. 31
dark-cutting, cause of, 6-15-57, p. 6
grass-finished, in consumer test, 8-17-57, p. 63
herd, production testing puts more profit into, 1-19-57, p. 52
herd wintering costs, watch, 12-21-57, p. 7
housewives demand leaner, 10-19-57, p. 30
meat type, 1-5-57, p. 25
meeting, Iowa, 5-4-57, p. 73
more and better, thru production testing, 11-16-57, p. 14
new discoveries and feeding ideas have reduced cost of making, 8-17-57, p. 67
New Zealand, going to Japan, 5-18-57, p. 55
performance test records, Illinois, 10-5-57, p. 70
possible, is such, 6-1-57, p. 23
show, baby, state fair highlight, 8-17-57, p. 32
show, state fair, 9-21-57, p. 34
Bees, want to keep some, 2-16-57, p. 46
Beetles, elm dark, carry Dutch elm disease from tree to tree, 8-17-57, p. 29
Benson in or out, is, 11-16-57, p. 6
outlines 1958 program, 10-19-57, p. 6
program would hurt Iowa, 8-3-57, p. 6
will stay, at least thru 1958, 10-5-57, p. 25
Big is too big, how, 8-3-57, p. 54
Binder twine, bucket with hole in bottom good dispenser for ball of, 3-2-57, p. 71
Blackleg, precaution for controlling, 9-21-57, p. 14
Blizzard hits you, when a, 4-6-57, p. 82
Bloat, losses due to, 4-6-57, p. 51
oil given to cattle showed reduction in, 2-2-57, p. 59
preventives, how to feed, 6-1-57, p. 8
several methods for treating, 9-21-57, p. 14
what about new preventives for, 6-1-57, p. 8
Blood pressure, facts about your, 10-5-57, p. 18
type can determine parentage in cattle, 10-5-57, p. 22
type shows calf parentage, 10-5-57, p. 22
Bloody Hill, when 1st Iowa came to, 12-21-57, p. 11
Boar, how choose meat type, 9-21-57, p. 50
testing station valuable tool for locating superior strains, 8-3-57, p. 50
Boars from Iowa State swine testing station to be sold, 7-20-57, p. 33
we're finding the best, 8-3-57, p. 50
Bombs, farmers favor agreement to end tests of giant, 9-7-57, p. 40
Bones, animal scientists can study growth of, 2-2-57, p. 58
Books and Bulletins: Farmers tax saver, 1-5-57, p. 26; farmers tax saver, 1-19-57, p. 26; social security booklet, 2-2-57, p. 23, farmers tax saver 2-2-57, p. 30; farm record book, 2-2-57, p. 36; social security booklet, 2-2-57, p. 60; managing tenant-operated farm, 2-2-57, p. 61, farm record book, 2-16-57, p. 38; farmers tax saver, 2-16-57, p. 44; federal farm law manual 2-16-57, p. 55; social security booklet, 2-16-57, p. 77; farmers tax saver, 3-2-57, p. 36; social security booklet, 3-2-57, p. 75; farmers tax saver, 3-16-57, p. 34; social security booklet, 3-16-57, p. 54; Midwest Farm Handbook, 4-6-57, p. 71; Farmers Bulletin No. 2107 "Defense Against Radioactive Fallout on Farm," 7-6-57, p. 18; Circular 775—Remodeling crib for shelled corn storage, 8-17-57, p. 44; plastic pipe on the farm, 8-17-57, p. 72; soils, 1957 yearbook, 9-21-57, p. 12; revised farm record book, 11-2-57, p. 22; revised farm record book, 11-16-57, p. 18; salt in animal nutrition, 11-16-57, p. 40; farmers' tax saver, 12-7-57, p. 38; farmers' tax saver, 12-7-57, p. 38; farmers' tax saver, 12-21-57, p. 6
for everybody, 3-16-57, p. 21
did you read, how many, 2-16-57, p. 42
Booze, one man's view on, 4-6-57, p. 30
Borer population about average, 5-18-57, p. 22
Boron, copper, zinc and iron, results from usage of, 3-2-57, p. 95
Bread, home made, 11-2-57, p. 1
Brucellosis control plan in use, 8-17-57, p. 68
Iowa's cattle men cooperate to whip, 8-3-57, p. 24
control and eradication bills, senate approved two, 3-2-57, p. 22
control bill sent to governor, 3-16-57, p. 28
or leptospirosis, if cow loses calf check for, 3-2-57, p. 88
regulation, new federal, 1-19-57, p. 30
Bulls lead all animals in causing accidental deaths, 3-16-57, p. 83
Burr killed, Glen, 2-16-57, p. 88
Burnett and Newton oat varieties available for planting next season, 8-17-57, p. 74
Butter, decrease in use of, 2-16-57, p. 61
Cake mixes, sweet rolls, Japanese people like American, 3-2-57, p. 8
Calf, Holstein, weighed over 167 pounds at birth, 7-6-57, p. 31
Calf's rate of gain, what affects, 2-2-57, p. 59
California, what traveler saw in Iowa in 1852 on road to, 5-18-57, p. 30
Calves, beef, faster gaining, 10-5-57, p. 30
dairy, more artificial, 6-15-57, p. 55
good management means more, 9-7-57, p. 91
in yards, lots of, 2-2-57, p. 10
on grass pays better if can get $2 feeding margin, feeding, 4-6-57, p. 26
raise, or buy feeders? 4-6-57, p. 26
Canada, straight talk from, 5-4-57, p. 25
thistles, eradicating, 3-2-57, p. 46

Carcass contest at state fair, 7-20-57, p. 34
content for state fair, 8-17-57, p. 24
judging, first place steer on roof placed seventh in, 9-21-57, p. 29
showing big loin eye muscle, moderate covering of fat, 1-5-57, p. 25
test, show ring champs slip in, 9-21-57, p. 28
Careers for farm boys, 5-4-57, p. 34; 5-18-57, p. 8; 6-1-57, p. 18
Car for safety, check your, 9-7-57, p. 63
problems? family, 4-20-57, p. 1
safety check, national safety council recommendations for, 9-7-57, p. 63
Casein, iodinated, suggestions for feeding, 3-2-57, p. 32
Cattle and calves on farms, reduce, 3-2-57, p. 28
blood types help safeguard registration system, 10-5-57, p. 22
breeding, across state lines, new federal regulations when shipping, 1-5-57, p. 47
congress, national dairy, September 28-October 5, 9-7-57, p. 87
cycles 1948 to 1957 (Chart) 12-7-57, p. 18
cycle? where are we on, 12-7-57, p. 18
fat, plentiful this marketing year, indications are, 2-2-57, p. 10
feeder, certain cautions to observe when buying, 3-16-57, p. 26
feeder, for grass? buy, 3-16-57, p. 26
feeder, formula to give buyers rough idea how much to pay for, 11-2-57, p. 38
feeder, shall I buy, 8-17-57, p. 16
feeders day, Ames, Iowa, 6-1-57, p. 37
feeders' day program, annual, Iowa State college, 6-1-57, p. 41
feeders had more cattle on feed April 1 than year before, 5-4-57, p. 19
feeder, what price for, 11-2-57, p. 38
feeding somewhat speculative, 4-6-57, p. 26
feedyards full of, 5-4-57, p. 19
hog and sheep carcasses on display during fair, 8-17-57 p. 24
light, increase more than heavies, 2-2-57, p. 10
moved long distances, more shrinkage when, 10-19-57, p. 11
of all kinds reduced from year ago, total, 3-2-57, p. 28
on feed at new record, 2-2-57, p. 10
on feed down in Iowa and nationally, 11-2-57, p. 24
prices stable this fall, 9-21-57, p. 24
prices will peak below last year, 9-21-57, p. 24
price "fill" affects, 1-19-57, p. 16
tests to determine rate of gain in calves, 10-5-57, p. 30
tests to furnish guides for improving feed, efficiency in calves, 10-5-57, p. 30
Cattlemen to meet June 11, 6-1-57, p. 41
Cattlemen's Association convention, American National, 1-5-57, p. 47; 8-17-57, p. 77; 9-7-57, p. 87; 9-21-57, p. 61; 12-7-57, p. 41; 12-21-57, p. 23
Chain maintenance is proper tension, most important item in, 9-21-57, p. 36
Chains between seasons, sure way of preserving, 9-21-57, p. 37
drive, good care for, 9-21-57, p. 36
Chemical residues left on crops show up in meat and milk, 4-20-57, p. 16
Chemicals on livestock and feed crops, clamps down on use of, 4-20-57, p. 16
on livestock and feed crops, federal ruling on use of, 4-20-57, p. 16
Chicago barrow show, February 21-22, 2-2-57, p. 64
Chicken feathers for sleeping bags, 9-21-57, p. 72
Chicks, best bet is to buy more, 3-2-57, p. 90
Child, do you accept your, 1-5-57, p. 31
Children, different answers on ways to handle, 8-3-57, p. 20
Cholera and erysipelas, vaccinate pigs for, 9-7-57, p. 52
vaccination, recommendations on hog, 9-7-57, p. 52
Cholesterol, what is, 10-5-57, p. 43
Christian rural institute, Iowa, at Iowa State College, 1-5-57, p. 47; 1-19-57, p. 37
Christmas feeling, that, 12-21-57, p. 10
Church, how they kept their, 3-16-57, p. 78
Chute, lightweight, mounted on corn planter, 3-2-57, p. 46
Civil war history, 12-21-57, p. 11
Closet storage? need more, 3-2-57, p. 95
Cloud seeding, report on, 7-6-57, p. 19
seeding, not sure about, 1-19-57, p. 56
Clover, sweet, working toward better, 3-16-57, p. 40
Coccidiosis in turkeys, symptoms of, 8-17-57, p. 49
Cold lately? had a, 3-2-57, p. 40
Colds, help on avoiding, 2-16-57, p. 75
College education prepares for off-farm job in agriculture, 6-1-57, p. 18
training in agriculture opens door to off-farm jobs, 6-15-57, p. 20

clean out before storing for winter, 9-21-57, p. 23
should be adjusted properly to keep grain losses low, 7-20-57, p. 1
Commodity groups held discussion in Washington in May, 6-15-57, p. 6
Concrete feeding floor helps during muddy periods, 8-17-57, p. 54
floor, correct ratio of water to cement determines strength and life of, 8-17-57, p. 54
Congressional districts, congressmen by, 2-2-57, p. 26
Congressman, how to tell your, 2-2-57, p. 26
Conservation reserve authorization limit, raised, 6-15-57, p. 6
reserve program, 4-6-57, p. 21
Contests, carcass, part of Iowa State Fair this year, 8-17-57, p. 24
Contouring saves water, 3-16-57, p. 82
Contract of most familiar type is insurance policy, 9-7-57, p. 81
or written agreement, know what paper says and means before signing, 7-20-57, p. 19
Contracts are binding, 8-3-57, p. 58
Controls, fewer, lower price supports, administration wants, 7-20-57, p. 6

Corn

Corn acreage allotment, will it pay to comply with, 4-20-57, p. 28
acre allotments for 1957, offer make-shift hike in, 4-6-57, p. 18
acreage allotment, farmers favor amending farm act on, 3-2-57, p. 18
acreage? cut, 3-2-57, p. 26
acreage? will farmers cut, 3-2-57, p. 18
acres, 750,000, in 1957 soil bank, 10-5-57, p. 40
allotment raised, national, 3-2-57, p. 8
allotments, stay with, 4-20-57, p. 28
and barley, new records set for supplies of, 4-20-57, p. 20
and feed crops much improved in Iowa and Nebraska, 7-20-57, p. 9
and sorghum grain difficult, comparing prices between 11-16-57, p. 11
and sorghum prices, guide for comparing (Chart), 11-16-57, p. 11
belt field days: 5-18-57, p. 64; 6-15-57, p. 1; 6-15-57, p. 12; 6-15-57, p. 13; 6-15-57, p. 16; 6-15-57, p. 22; 6-15-57, p. 26; 6-15-57, p. 27; 6-15-57, p. 28; 6-15-57, p. 32; 6-15-57, p. 50; 6-15-57, p. 52; 7-6-57, p. 22; 7-6-57, p. 28
belt power cooperative received loan from REA, 7-20-57, p. 33
bill for 1957, no new, 4-20-57, p. 20
bill, farm bloc splits on, 3-16-57, p. 13
bill, final try on new, 4-6-57, p. 18
borer control probably unnecessary before mid-June, 6-1-57, p. 26
borer loss heavy in Iowa, 12-7-57, p. 8
borer, timely applications of chemicals best bet in controlling, 10-19-57, p. 8
borers did it again, those, 10-19-57, p. 8
borers killed with fungus, 4-20-57, p. 49
borers, learn secrets of, 2-16-57, p. 60
borers, shredding corn stalks hard on, 11-16-57, p. 16
borers, watch for damage by, 6-15-57, p. 50
can cut cattle feed bill, high moisture, 6-15-57, p. 30
carryover October 1 largest in history, 8-17-57, p. 8
CCC, in warehouses stopped, sales of, 12-7-57, p. 41
certificates can be exchanged for corn, barley, rye oats or grain sorghum, 6-15-57, p. 19
changes, grain co-op asks, 2-16-57, p. 30
cob moisture, don't forget to consider, 11-16-57, p. 8
cobs, ground, have advantage over oats, straw, 2-16-57, p. 34
cobs, ground, make good bedding for baby pigs, 2-16-57, p. 34
coming back? is dollar, 3-16-57, p. 22
cribbed with more than 20 percent moisture, special precautions to take when, 11-16-57, p. 8
crop, check up for your, 8-3-57, p. 59
crop estimate, Iowa, second highest on record, 11-2-57, p. 24
crop in Iowa! big, 9-7-57, p. 74
crop, it's a bumper, 10-19-57, p. 1
crop loan rate for 1957 may be raised, 9-7-57, p. 10
crop, lodging stalks and dropped ears big problem in, 12-7-57, p. 11
crop needs water reserve, 4-20-57, p. 26
crop, 1957, price support rates for, 10-19-57, p. 6
crops since hybrid corn came into use, study of 16, 5-4-57, p. 22

Gully-washer storm, contour farming really paid off after, 10-19-57, p. 56
Handbook, new farm, 4-6-57, p. 71
Hog shelter, simple, 7-6-57, p. 35
weight losses reduced by installing sprinklers, 8-3-57, p. 58
Hogs need salt, 7-6-57, p. 35
Insecticide-fungicides, combination, control pests, 10-19-57, p. 56
Insecticides, granular, do not disappear as rapidly as liquid variety, 5-4-57, p. 43
USDA revised 1957 recommendations on use of, 8-17-57, p. 52
Job, working more than one, 5-18-57, p. 35
Laboratory, animal disease, at Plum Island, 3-2-57, p. 87
Lice, cattle, spray for, 12-7-57, p. 36
in beef cattle, to control, 12-7-57, p. 36
Lightning rods, check, 5-4-57, p. 9
Lime, fertilizer help save soil, 10-19-57, p. 56
Livestock, how much time for, 3-2-57, p. 87
Meat, outline plans to push, 4-6-57, p. 71
Milk of greatest all-around food value, breeding strains of dairy animals to produce, 11-2-57, p. 47
solids, new test for, 11-2-57, p. 47
varies on fat, why, 6-1-57, p. 25
Oak wilt found in Iowa, 1-19-57, p. 58
Oat hulls used principally for making furfural, 5-18-57, p. 35
Oats bins, clean your, 7-6-57, p. 35
Parasites, swine, are pig killers, 10-19-57, p. 56
Pasture, fall, watch cattle on, 11-2-57, p. 47
Record-Keepers' income up a lot last year, 8-17-57, p. 52
Rotenone only effective material for spraying cattle for lice, 12-7-57, p. 36
Rubber bands on livestock, 5-18-57, p. 35
Rumens in cattle, to prevent impacted, 11-2-57, p. 47
Salt in hog ration makes most economical gains, 7-6-57, p. 35
Scrapie disease in sheep, symptoms of, 12-7-57, p. 36
Seeds, new protection for, 10-19-57, p. 56
Sheepmen spend for promotion, 4-6-57, p. 71
Sheep, three diseases threaten, 12-7-57, p. 36
Shrinkage, sprinkle hogs to cut, 8-3-57, p. 58
Silage baled without chopping, covered with plastic film, 9-7-57, p. 83;
gas poisoning, watch, 9-7-58, p. 83
tested, baled, 9-7-57, p. 83
Silo gas, look out for, 7-6-57, p. 35
Sire, first daughters prove, 8-3-57, p. 58
Snow, how much moisture in, 1-19-57, p. 58
Soil insecticides? disk in, 5-4-57, p. 43
Sows and gilts in dry lot, feed per day needed by bred, 9-7-57, p. 83
Time animals claimed over the year, 3-2-57, p. 87
Tooth decay and oat hulls, 5-18-57, p. 35
Toxaphene not recommended for control of insects on dairy cows, 8-17-57, p. 52
OK'd for beef cattle and sheep, 8-17-57, p. 52
recommended for control of lice, ticks and horn flies on beef cattle, 8-17-57, p. 52
Vibriosis in sheep, abortion is primary symptom of, 12-7-57; p. 36
Weeds, watch for noxious, 8-17-57, p. 52
Whey? to stop waste of, 5-4-57, p. 9
Whipworms, production losses due to, 10-19-57, p. 56

Farm Flock

Air, fresh, give pullets, 10-19-57, p. 48
Barley, treated, good or better than corn when fed to chicks, 11-2-57, p. 36
Birds, sick, should be separated immediately from rest of flock, 5-4-57, p. 54
Borax used to control flies, 10-19-57, p. 47
Breeds or strain of layers, when decide to change, 9-21-57, p. 48
Bro-Hens is trade name given to hens from broiler hatchery egg laying flocks, 9-21-57, p. p. 48
Broiler feed efficiency 1.9 pounds of feed for each pound of gain, 9-21-57, p. 48
hatching egg flocks down from last year, 8-17-57, p. 61
hatching egg production grown into big business in Iowa, 1-5-57, p. 40
Brooder house and equipment should be cleaned and repaired in January, 1-19-57, p. 48
house and equipment should be cleaned for early chicks, 12-21-57, p. 21
house equipment, time for cleaning and repairing, 1-5-57, p. 40
and laying house, chicks ordered should be based on space in, 2-2-57, p. 52
Brooders operated without proper adjustment, fires may result if, 4-6-57, p. 65
Cages haven't boosted profits, 11-2-57, p. 36
Calcium, give pullets, 10-19-57, p. 47
help in controlling, 11-2-57,
Cannibalism, darkened nests may p. 34
outbreak, causes of, 5-4-57, p. 54
Carbon-dioxide-oil process cheap way to treat eggs, 2-2-57, p. 55
Chick gains, better breeding and feeds make faster and cheaper gains, 3 16-57, 65
hatches during first three months down more than nine percent, 4-20-57, p. 61
orders down in Iowa, 4-6-57, p. 65
orders, early, may save money, 1-5-57, p. 40
orders should be placed now, 2-2-57, p. 52
placements, expect cut in, 2-16-57, p. 69
sales for laying flock replacement in Iowa down from last year, 6-1-57, p. 35
size depends on egg from which hatched, 10-5-57, p. 30
Chicken barbecue time here, 8-17-57, p. 61
barbecued, hard to beat, 5-4-57, p. 54
boned canned, handy for unexpected company, 5-4-57, p. 55
meat consumed per person in U. S. in 1940 and 1956, 8-3-57, p. 52
pies for freezer, use hens for making, 8-3-57, p. 52
production, 1957, smallest in 34 years of record, 12-21-57, p. 21
Chickens, Iowa led nation last year in the sale of, 6-15-57, p. 42
Chicks are purchased, time to start records when, 4-20-57, p. 60
baby, a novelty, 9-7-57, p. 71
bargain, may prove most expensive, 4-20-57, p. 60
bred for high egg production and livability, best bargain is, 4-20-57, p. 60
cockerel, fairly cheap, 5-4-57, p. 54
early, advantage of buying, 2-2-57, p. 54
early? why buy, 2-2-57, p. 53
Iowa farmers intend to buy fewer, 4-6-57, p. 64
marooned with, 11-16-57, p. 35
need close watching first few days, 5-4-57, p. 10
ordered early, following advantages for, 11-16-57, p. 34
produced in Iowa during 1956, (Map) 4-6-57, p. 64
right, start, 2-2-57, p. 54
sexed, best buy, 2-2-57, p. 52
should be ordered for early delivery, 11-16-57, p. 33
this year, decide now if you will order, 2-16-57, p. 69
to laying age, suggestions to help raise, 4-20-57, p. 46
will you raise healthy, 4-20-57, p. 46
Cockerel chicks for feeding family, use, 4-6-57, p. 65
Cockerels, farm raised, may be hard to sell this year, 4-6-57, p. 65
Coffee break may prevent accident, 5-18-57, p. 52
Corn in ration in winter, may be necessary to increase amount of, 11-2-57, p. 34
Cull carefully if plan to hold hens over another year, 8-17-57, p. 61
layers this fall, 11-2-57, p. 36
Culling of egg flock, recommend less, 12-7-57, p. 35
poultry demonstration flock cooperators report on, 5-18-57, p. 52
should be done, when, 5-18-57, p. 52
Dampness in laying house, proper insulation and ventilation will prevent, 10-19-57, p. 44
Disease symptoms should be accurately diagnosed and recommended treatment followed, 5-4-57, p. 54
Diseases to laying flock, ways to transmit, 4-20-57, p. 46
Dog kills your pullets, what to do if, 5-4-57, p. 94
Egg and poultry exports 1956 v. 1955, 8-3-57, p. 52
Egg breakage costs money, 10-5-57, p. 56
breakage in shipment costly, 9-7-57, p. 72
breakage reduced by using good cases, 9-7-57, p. 72
breakage, suggestions for preventing, 12-7-57, p. 34
buyer starting semi-integrated program for his producers, 8-17-57, p. 61
care in summer, suggestions for, 8-17-57, p. 61
cleaning important, 12-7-57, p. 34, 12-21-57, p. 21
consumption first eight months in 1957, below last year, 10-19-57, p. 47
coolers, mechanical, improve egg quality, 11-2-57, p. 34
gathering and handling methods, check, 10-5-57, p. 56
grading, electric, 10-5-57, p. 57
grading law has helped, indications are Iowa's, 1-19-57, p. 48
grading law, Iowa, allows you to watch grading, 12-7-57, p. 34
grading law in Iowa blamed for low egg prices, 3-16-57, p. 65
grading law, Iowa, to stay the same, 6-1-57, p. 35
grading law, Minnesota to have, 6-15-57, p. 42
income, factors which effect, 3-16-57, p. 66
industry integration, 1-5-57, p. 41
law, Iowa, remains unchanged, 5-18-57, p. 52
laying rate during January per 100 layers, 3-2-57, p. 85
laying slump can be prevented, 12-7-57, p. 32
laying test for Iowa, 2-2-57, p. 55
laying test, Iowa, cooperators needed for 9-21-57, p. 48
losses due to various causes varied from two to 13 percent, 1-19-57, p. 48
markets, out of state, depend upon egg quality, 10-5-57, p. 56
month in March, 1-19-57, p. 48
month, March is, 2-16-57, p. 69
outlook for 1957, 4-6-57, p. 66
price favorable, cold storage, 10-19-57, p. 44
price to producers not expected to improve until summer, 2-16-57, p. 69
prices, efficient poultrymen able to show profit in years of low, 3-16-57, p. 66
prices expected above year ago, 9-7-57, p. 72
prices expected to hold up better this year, 10-5-57, p. 56
price expected to improve by fall, 3-2-57, p. 84
prices expected to improve in fall, 7-20-57, p. 29
prices expected to remain above year earlier, 10-19-57, p. 44
prices, factors which influence, 12-7-57, p. 35
prices, fewer flocks, fewer birds means higher, 9-21-57, p. 40
prices in Chicago, wholesale, based on small portion of eggs marketed, 9-7-52, p. 72
prices look better, 12-7-57, p. 35
prices low, don't skimp on feed when, 3-16-57, p. 65
prices on different sizes, suggestion for figuring, 10-19-57, p. 44
prices investigated, wants, 3-2-57, p. 85
prices for nation's producers in mid-November, 1-5-57, p. 40
producers blame egg-grading law for low egg prices, 3-2-57, p. 84
prices may go lower, 2-2-57, p. 52
prices next winter? higher, 4-20-57, p. 61
prices, pointers which help get maximum production and higher, 9-21-57, p. 40
prices, quality determines, 4-20-57, p. 60
prices to go up, egg buying by USDA caused, 3-2-57, p. 84
producers can collect premium for top quality eggs, 7-20-57, p. 29
producers could sell eggs to consumers, 12-21-57, p. 21
producers, Iowa, get better than average production from their layers, 11-2-57, p. 34
producing business never pays, jumping in and out, 3-16-57, p. 64
producing chicks intended to produce, number of (Table 1947-1957), 5-4-57, p. 55
producers getting bigger fast outside the midwest, 3-16-57, p. 65
producers help promote egg sales, how, 1-19-57, p. 48
producers, increased egg production resulted in low prices to, 2-2-57, p. 52
producers, Iowa, owned about 8.1 percent of nation's layers in April, 6-15-57, p. 42
producers sell eggs locally, 9-21-57, p. 49
producers urged to attend annual Iowa Poultry Improvement Association convention, 9-21-57, p. 48
production, April, three percent above 10 year average, 6-15-57, p. 42
production, clean, shavings proved best nesting litter for, 11-16-57, p. 34
production drop noticed, examine two facts if, 12-7-57, p. 32
production drops, watch layers closely if, 12-7-57, p. 34
production expected to be three to four percent below year ago, 12-7-57, p. 35
production falls off if water supply inadequate, 11-16-57, p. 33
production increase in Iowa during January, reason for, 3-2-57, p. 85
production increased four percent since 1950, 6-15-57, p. 42
production increased by ridding laying flocks of lice and mites, 1-19-57, p. 49
production in April, 6-15-57, p. 42
production in Iowa during 1956, total, 2-2-57, p. 52
production in nation during November, 1-5-57, p. 40
production in September, Iowa, below same time year ago, 11-2-57, p. 34
production in United States, total, down from year ago, 11-2-57, p. 34
production, Iowa farms, during November, 1-5-57, p. 40
production, Iowa, set new record for January, 3-2-57, p. 85
production January thru March up one percent over last year, 6-1-57, p. 35
production, lice and mites cut, 11-2-57, p. 34
production on Iowa farms during December, 2-2-57, p. 52
production per hen expected to average more this year than last, 10-19-57, p. 44
production per hen increased 67 percent since 1930, 1-5-57, p. 40
production rate goes hand in hand with length of days, 11-2-57, p. 36
production, total, for 1956, 2-16-57, p. 69
production, total, next nine months expected slightly lower, 10-19-57, p. 44
production probably high for few more months, 3-2-57, p. 84
production, total 1956, 7 percent above 1945-54 10 year average, 3-2-57, p. 84
production, U. S., for 1956, 2-2-57, p. 52
profit margin larger in Iowa than in larger markets, 2-2-57, p. 52
profit, set goal for, 9-21-57, p. 49
profits? what makes your, 3-16-57, p. 66
quality at market, expanded markets based on, 10-5-57, p. 56
quality, better, means more money for Iowa producers, 12-21-57, p. 21
quality drops fastest in hot weather, 8-17-57, p. 61
quality improved by gathering three times a day, 10-19-57, p. 47
quality, moisture important to high, 3-16-57, p. 65
quality poor in small flocks, 2-16-57, p. 70
returns, get higher, 5-18-57, p. 53
shell quality, feeding oyster shell may help improve, 8-17-57, p. 61
surplus building up in Australia, 10-5-57, p. 56
yolks dark colored may get lower grade, 5-18-57, p. 52
Eggs after gathering, care of, 7-20-57, p. 29
avoid dirty, 9-21-57, p. 49
being graded, can watch, 4-20-57, p. 60
cause of soft shelled, 6-15-57, p. 43
clean, seven basic steps for producing, 5-18-57, p. 53
consumed outside of state, most Iowa, 1-19-57, p. 50
dirty, dampness in laying house may cause, 10-19-57, p. 44
dirty, will it pay to clean, 2-16-57, p. 70
dozen, wasted feed increases cost of producing, 10-5-57, p. 56
fertile, won't keep as well as infertile eggs, 9-7-57, p. 72
for breakfast, town children eat more, 10-19-57, p. 47
freeze, and store in freezer, 8-3-57, p. 52
fresh, gas chamber keeps, 2-2-57, p. 55
grade A and medium, pullet eggs cause wider price spread in, 8-17-57, p. 61
high in protein, low in fat, 11-16-57, p. 33
how to get more, 5-18-57, p. 40
increasing, price difference between large medium grade A, 8-3-57, p. 52
in 1956, lots of, 6-15-57, p. 42
laid by old hens grade lower than pullet eggs, 4-20-57, p. 60
laid by old hens have poorer interior quality, 8-3-57, p. 52
laid per 100 layers in April 1956 and 10 years average, 6-1-57, p. 35
laid per 100 layers, national rate of, 11-2-57, p. 34
laid per 100 layers September 1957 vs. 1956, 11-2-57, p. 34
laid, poor management will cut number of, 12-7-57, p. 32
larger, few less per hen, 3-2-57, p. 84
might good time to quit producing, 2-16-57, p. 69
more and higher quality, if layers confined to laying house, 5-4-57, p. 54
need special care on hot days, 8-17-57, p. 61
on less feed, some hens lay more, 3-2-57, p. 84
per layer, number of (Chart), 12-21-57, p. 21
per 100 layers in November, rate of lay, 1-5-57, p. 40
price difference on large and small grade A, 9-21-57, p. 48
prices of current receipt, 2-16-57, p. 69
produced on contract, chain stores buying, 3-2-57, p. 84
produced on farm can be sold directly to consumers with candling or grading, 11-16-57, p. 33
pullet, better quality than most large eggs, 10-19-57, p. 44
pullet, can be frozen for later use, 11-16-57, p. 33
reason for big differences in prices in large and medium, 12-7-57, p. 34
sealed pails may be better than wire baskets for storing, 9-21-57, p. 48
shell, easily cracked or checked, 4-6-57, p. 65
shell, from storage, about same price as last fall, 10-19-57, p. 44
shell, USDA stops buying, 4-6-57, p. 66
should be gathered often and cooled immediately, 12-21-57, p. 21
should be gathered several times a day in hot weather, 7-20-57, p. 29
slightly higher than low of last spring, 8-3-57, p. 52
soon as you gather them easy way to clean them, dry cleaning dirty, 8-17-57, p. 61
storage stocks of shell, three times as great as last year, 6-15-57, p. 42
suggestions for preventing dirty, 4-6-57, p. 65
surplus hatching, flu vaccine good source for, 10-19-57, p. 48
ten top states in gross income from, 6-1-57, p. 35
thin shelled, causes of, 2-16-57, p. 84
this winter, get more, 12-7-57, p. 32
top grade, to compete with nearby producers Iowa producers must ship only, 4-20-57, p. 60
top-quality, should bring premium on market, 9-7-57, p. 72
used to make flu vaccine, 10-19-57, p. 48
where do you sell, 1-19-57, p. 50
with thick whites, old hens lose ability to make, 10-5-57, p. 56
with thin whites, old hens may lay, 5-4-57, p. 55
Energy largest single nutritional requirement of poultry, 9-21-57, p. 48
Feather meal, steam hydrolized, contains 80 percent protein, 11-16-57, p. 34
Feed, cheapest, your hens eat, 12-21-57, p. 21
cost drops to 18 cents per dozen at 85 percent production, 12-21-57, p. 21
waste, suggestions for finding sources of, 12-21-57, p. 21
waste, suggestions for preventing, 1-19-57, p. 48
Feeder, automatic, saves time and labor, 2-2-57, p. 52
for poultry, chain-drag type, 9-21-57, p. 48
space per bird, pullets need about 4 inches, 10-19-57, p. 47
waterer and floor space, give hens more, 5-18-57, p. 52
Feeding ration in mid-March less favorable than year ago, 6-15-57, p. 42
system for pullets, suggested, 9-21-57, p. 48
Feeds for layers, high energy, value of, 1-5-57, p. 40
Flock owner report layers averaged 267 eggs in 1955, Iowa, 3-16-57, p. 65
records for past several years, should study, 3-2-57, p. 85
records, keep, 10-19-57, p. 48
Grade you are getting, try another buyer if not satisfied with, 1-19-57, p. 48
Grit from hopper attached to brooder house wall, chicks get, 5-4-57, p. 54
in ration, layers need insoluble, 1-19-57, p. 48
Hen in laying test expected to set new record, 9-7-57, p. 73
laying, thoughtful things to do for, 5-18-57, p. 40
prices expected to be low, 2-16-57, p. 69
prices low, 8-3-57, p. 52
prices low, 8-17-57, p. 61
Hens, happy, comfortable, lay better, 5-18-57, p. 40
held over few more weeks, how provide for, 11-2-57, p. 34
old, freeze for later use, 4-20-57, p. 60
old, this year, fewer farmers planning to keep over, 10-5-57, p. 57
this year, what to do with, 7-20-57, p. 29
Integration of egg producing business, advantages and disadvantages of, 1-5-57, p. 41
Japanese laying test, 5-4-57, p. 54
Lay per 100 hens on Iowa farms, rate of, 6-1-57, p. 35
per 100 hens, rate of, on Iowa farms in December, 2-2-57, p. 52
per hen in the nation, rate of, 6-1-57, p. 35
Layer chick replacement 18 percent below last year, 7-20-57, p. 29
high producing, 9-7-57, p. 73
mashes cost, what, 3-16-57, p. 66
numbers needed, adjustment in, 3-2-57, p. 84
replacement chicks, 18 percent fewer, 10-5-57, p. 56
replacement chicks expected to be down, 5-18-57, p. 52
at various rates of lay, costs and returns of (Chart), 12-21-57, p. 21
caged, more popular, 1-5-57, p. 39
can be expensive hobby, 2-16-57, p. 69
get too hot, a suggestion if, 8-17-57, p. 61
held over for next year's production need few weeks' rest, 9-7-57, p. 73
hot weather hard on, 8-17-57, p. 61
Iowa, show profit, 12-7-57, p. 35
keeping old, 10-5-57, p. 57
keeps them semi-confined, sun pen for, 6-15-57, p. 42

Monthly Tips

Acres per man, trend toward working more, 7-6-57, p. 15
Agriculture, takes more capital per worker than other occupations, 10-5-57, p. 59
Asphalt coating to paper roofs, apply, 8-3-57, p. 55
Beef cows better property this fall than year ago, 10-5-57, p. 59
Bloat in wet weather, watch for signs of, 6-1-57, p. 21
Calving dates of milk cows, check up on, 8-3-57, p. 55
Check strip with no fertilizer in field, leave, 3-2-57, p. 48
Chicks, baby, February is time to order, 2-16-57, p. 73
early hatched, make most money, 2-16-57, p. 73
Cockleburs get last cutting in September, 9-7-57, p. 76
Corn and good quality hay pay best fed to calves and yearlings, 10-5-57, p. 59
for fertilizer needs, August good time to check, 8-3-57, p. 55
in June sow catch crops in, 6-1-57, p. 21
leaves tell lot about fertility situation, tips of, 8-3-57, p. 55
loan due this summer? 5-4-57, p. 24
planter should be checked to drop correctly, 3-2-57, p. 48
shovels should be sharpened in March, 3-2-57, p. 48
silage worth about $8 per ton, 11-2-57, p. 42
Cow herd, can't afford to put much feed into, 10-5-57, p. 59
herd moved into competitive position, man with, 10-5-57, p. 59
Cows, old or dry, sell in August, 8-3-57, p. 55
Crib fixed so ear corn will self-feed out, 7-6-57, p. 15

in hog pasture a real labor saver, 6-1-57, p. 21
Crop and livestock possibilities, test every decision against, 2-16-57, p. 73
Culling of layers, low egg prices call for, 2-16-57, p. 73
Egg prices, early hatched chicks bring higher, 2-16-57, p. 73
prices likely higher this fall, 4-6-57, p. 73
Eggs, grade A, pullets lay more, 4-6-57, p. 73
Equipment and power costs per acre, figure against average for your area, 1-5-57, p. 21
Erosion after heavy rains, check signs of, 6-1-57, p. 21
Farm business, how to get an insight into your, 1-5-57, p. 21
clear of debt is sizable life insurance policy, 5-4-57, p. 24
machinery, April is time to make final check on, 4-6-57, p. 73
value of typical midwest, 5-4-57, p. 24
Farming becomes less profitable as labor becomes more valuable, 7-6-57, p. 15
Farrow pigs several times a year, some farmers, 3-2-57, p. 48
Farrowing house, low cost portable, for hogs in winter, 3-2-57, p. 48
pigs several times a year, advantages of, 3-2-57, p. 48
Feed bunks that double as fence line cuts down fencing expense, 1-12-57, p. 42
for raising chickens should be stored in poultry house, 9-7-57, p. 76
Fence, electric, keeps cattle from rubbing down feedlot fence, 11-2-57, p. 42
Fences given good once-over save time later, 4-6-57, p. 73
time to check, 8-3-57, p. 55
Fertilizer and lime needs, have soil tested for, 2-16-57, p. 73
is doing, way to learn how much good, 3-2-57, p. 48
leave check strip to see how crops respond to, 2-16-57, p. 73
needs should be observed in September, 9-7-57, p. 76
Fire and wind insurance program, reexamine your, 5-4-57, p. 24
Fires, suggestions for preventing, 9-7-57, p. 76
Gate, small, alongside regular farm gate saves time, 6-1-57, p. 21
Gates improperly constructed are time robbers, 6-1-57, p. 21
Gilts, breeding, cut from herd on basis of size, length and general type, 3-2-57, p. 48
breeding, select and separate, 8-3-57, p. 55
Grain bins should be checked for repairs in June, 6-1-57, p. 21
sorghums mixed with oats in bin, 10-5-57, p. 59
stored, check for damage, 2-16-57, p. 73
Grease gun helps prolong farm machinery life, 4-6-57, p. 73
Hay, ton of, equals about three tons of grass silage, 11-2-57, p. 42
Heifers accustomed to barn and stanchions before freshening time, less trouble, 8-3-57, p. 55
Hog feeding chores, suggestion for cutting down, 7-6-57, p. 15
marketing practices changing, 11-2-57, p. 42
price drop in 1958 expected to be sharper than usual, 9-7-57, p. 76
prices likely to drop more than usual between summer high and winter low, 4-6-57, p. 73
production increasing, 9-7-57, p. 76
Hogs, butcher, sold this summer, record number of, 10-5-57, p. 59
carried to heavier weights do better on January-February market, 10-5-57, p. 59
come in winter, don't need high priced equipment to have, 3-2-57, p. 48
coming to market next fall, more, 11-2-57, p. 42
on clean ground, fed properly, avoids trouble later, 4-6-57, p. 73
meat-type, ahead with, 8-3-57, p. 55
meat type, look for buyers of, 11-2-57, p. 42
up around 200 to 220 pounds during October, pays to market, 10-5-57, p. 59
Holes in barn lots, fill up, 8-3-57, p. 55
June peak labor month on farm, 6-1-57, p. 21
work that can't be neglected in, 6-1-57, p. 21
Labor costs up more than any other farm cost, 7-6-57, p. 15
Lambs, early, pay best, 9-7-57, p. 76
Lawns should be seeded in September, 9-7-57, p. 76
Legume seed and fertilizer, time to order, 2-16-57, p. 73
Livestock returns per dollar of feed fed, to figure, 1-5-57, p. 21
Machinery, farm, get repaired before spring, 1-5-57, p. 21
farm, in tip top shape, time to get, 3-2-57, p. 48
in shape avoids costly delays, 4-6-57, p. 73
Money invested in buildings and equipment per hog by some farmers, 10-5-57, p. 59
Mower should be sharpened in March, 3-2-57, p. 48
Oats give greatest return as hog feed fed along with other grains, 8-3-57, p. 55
self fed, have plenty of water close by when dry, 8-3-57, p. 55
Pen, small catch, handy around farm feedlot, 11-2-57, p. 42
Pigs, at weaning time select fastest growing, 3-2-57, p. 48
isolate and treat sick, 6-1-57, p. 21
spring, sell when ready for market, 9-7-57, p. 76
Policies, farmers need different types of life insurance, 5-4-57, p. 24
Power and equipment costs per acre, to figure, 1-5-57, p. 21
Pullets lay better than old hens, 4-6-57, p. 73
Rat proof buildings so rats won't have permanent home, 9-7-57, p. 76
Rye best late fall and early spring supplementary pasture, 8-3-57, p. 55
seeding for early spring pastures in September, 9-7-57, p. 76
Shade, water and salt, livestock need adequate, 6-1-57, p. 21
Silage, grass worth about $5 per ton, 11-2-57, p. 42
Soil bank program, investigate, 3-2-57, p. 48
Sows, breed, when to select next year's 3-2-57, p. 48
for fall farrowing, prepare, 8-3-57, p. 55
Tax records can help analyze farm business, 1-5-57, p. 21
Waterways, establish grass, 8-3-57, p. 55
Weeds, noxious, September last call for spraying, 9-7-57, p. 76
Winter is time to overhaul farm machinery, 1-5-57, p. 21

Research

Accidents in home occur, where, 4-6-57, p. 80
non-fatal, where most occur, 4-6-57, p. 80
Agriculture tests, U. S. Department of, 4-6-57, p. 80

supplies about three or four pounds per person short expect, 11-2-57, p. 55
supplies down while ranchers holding cattle to build herds, 7-6-57, p. 39
supplies less than year ago, 7-6-57, p. 39
Broiler prices will drop sharply September through December, 6-1-57, p. 47
production leveling off, 7-20-57, p. 39
Business downturn, indexes do not indicate, 11-2-57, p. 55
has leveled off, 12-7-57, p. 47
in winter or early spring of 1958, next crucial point in, 8-17-57, p. 83
look for fall upturn in, 8-17-57, p. 83
slowdown in 1958, signs of, 10-5-57, p. 75
Calf crop, 1957, down about 2 percent, 9-7-57, p. 97
Calves, feeder, this fall, expect big crop of, 1-19-57, p. 67
Cattle and calves, feeder, plentiful this fall, 6-1-57, p. 47
available for purchase as feeders than year ago, fewer, 9-7-57, p. 95
concentrated mainly in midwest feedlots, boost in long-fed, 8-3-57, p. 63
cycle getting successively smaller, downswings in, 9-21-57, p. 75
fat, market supplies of, will increase sharply, 5-4-57, p. 75
fat, should be sold fast as they reach grade, 6-1-57, p. 47
feeder, might be smart to sell, 3-2-57, p. 107
feeder, not scarce this fall, 3-16-57, p. 91
feeders had more cattle and calves on feed July 1 than year ago, 8-3-57, p. 63
feeders margins this fall not likely to equal those of last year, 4-20-57, p. 83
feeders stocked heavily on light cattle and calves, 2-2-57, p. 75
feeding picture, biggest development in, 11-16-57, p. 47
for short term feed better than year ago, outlook for buying, 8-17-57, p. 83
not as good as year ago, outlook for feeding plain, 8-17-57, p. 83
held on range helped strengthen market, 7-20-57, p. 39
kill seven percent under same month last year, October's, 12-21-57, p. 31
long-fed, no shortage should develop on 8-3-57, p. 63
market, fat, no hope for improvement in, 11-2-57, p. 55
market, spring may be soft spot in, 12-21-57, p. 31
movement, feeder, coming to peak period, 10-5-57, p. 75
market soft spot looks like late March, April and May, 12-7-57, p. 47
on feed at record total, 1-5-57, p. 55
on feed, January 1, 1958, may be behind last year's marks, 11-2-57, p. 55
prices, fat, under pressure in June if marketing intentions carried out, 6-1-57, p. 47
price, feeder, corn and sorghum producers forced up, 12-21-57, p. 31
prices, feeder, likely remain strong through early fall, 6-15-57, p. 63
prices, feeder, likely to trend downward, 3-2-57, p. 107
prices, feeder, softened some in October, 10-19-57, p. 67
prices should average higher than in 1957, 11-2-57, p. 55
prices this fall, point to higher feeder, 7-20-57, p. 39
production cycle may be short, down-side of, 7-6-57, p. 39
range, two-thirds sold direct, 10-5-57, p. 75
sales, feeder, behind a year ago, 9-21-57, p. 75
sales of fed, should remain ahead of last year's levels, 11-2-57, p. 55
shipments, feeder, in nine cornbelt states about same as year ago, 12-21-57, p. 31
shipments heavy late in fall, 6-15-57, p. 63
slaughter slumped behind year ago, 12-7-57, p. 47
supplies, fat, burdensome at times this summer and fall, 6-15-57, p. 63
this fall, ranchers holding back more, 9-7-57, p. 95
Chick hatch down 21 percent from year ago, 3-2-57, p. 107
Chicks for flock replacement, cutback in, 5-4-57, p. 75
for laying flock replacements, first cut in, 2-2-57, p. 75
last spring than year ago, farmers raised fewer, 11-16-57, p. 47
Corn acreage lowest in 70 years, prospects are that national, 5-4-57, p. 75
acreage may be increased next year by some farmers, 1-5-57, p. 55
acreage may be lower than 74.4 million acres indicated, 4-20-57, p. 83
acreage reduction would increase bean and grain sorghum acres, 4-20-57, p. 83
and oats in Iowa, heading for big crop of, 7-20-57, p. 39
crop in eastern cornbelt not quite as good as last year, 9-21-57, p. 75
crop large enough to cause weak harvest prices, 10-19-57, p. 67
drove prices down, heavy sales of government owned, 3-16-57, p. 91
good time to lay in, 11-16-57, p. 47
high moisture, and rising hog market encouraged farmers to feed hogs, 12-21-57, p. 31
high moisture, farmers spreading out marketings to feed up, 12-7-57, p. 47
high moisture, headache for Iowa farmers this fall, 12-7-57, p. 47
-hog price ratio ranges, 2-16-57, p. 95
1956, immediate application necessary for government loan on, 5-18-57, p. 75
in all storage positions April 1 above previous high, 5-4-57, p. 75
in December likely 30 cents below loan value, 5-18-57, p. 75
in next 60 days, buy any needed, 10-19-57, p. 67
loan, Iowa farmers eligible for $1.36, 5-18-57, p. 75
loan on non-compliance, will affect breeding decisions, 10-19-57, p. 67
market next March and April, may make weak, 12-7-57, p. 47
market, this winter and spring, Washington will have lot to do with, 11-16-57, p. 47
non-compliance loan looks fairly sure thing, 7-20-57, p. 39
non-compliance, new loan on, 10-5-57, p. 75
of 1956 Iowa crop qualified for higher compliance rate, 7-20-57, p. 39
price rise will be moderate, 1-19-57, p. 67
price well below loan rate, would keep, 11-16-57, p. 47
prices at Iowa elevators around $1.20 per bushel, 9-7-57, p. 95
prices, local Iowa new, 11-2-57, p. 55
prices, probable, years ahead, 2-16-57, p. 95
prices, steady, appear likely in most areas until spring or early summer, 1-19-57, p. 67
prices strengthened by wider compliance with corn allotments, 5-18-57, p. 75
prices tumbled in western cornbelt, 9-21-57, p. 75
program probably will be little, 1958 participation in, 10-19-57, p. 67
prospects look good over most of Iowa, 8-3-57, p. 63
raisers must get into compliance with acreage allotments by August 1, 7-6-57, p. 39
running high in moisture content, 12-21-57, p. 31
stalk land being seeded to fewer oats than usual, 4-6-57, p. 91
under loan, have until May 31 to put, 3-16-57, p. 91
USDA shut off sale of commodity credit, 11-16-57, p. 47
Cotton for export, about a fourth of, 9-21-57, p. 75
Cow output is up, 10-5-57, p. 75
Cows, cull, early spring best time to sell, 3-16-57, p. 91
cull and off quality cattle, short time remains to sell, 5-18-57, p. 75
heifers or native steers in early winter, consider selling, 12-7-57, p. 47
Crop year, figures indicate near-record, 11-2-57, p. 55
Crops, feed grain, support prices down this year on, 3-2-57, p. 107
Iowa, still vulnerable to hot dry weather, 8-3-57, p. 63
Dairy cows, veal calves and dairy steers, cull, will increase in value, 11-2-57, p. 55
Dairymen's prospects more stable than for livestock producers, 3-16-57, p. 91
Dairymen will have somewhat lower feed prices, 3-16-57, p. 91
Dairy outlook for 1958 hinges on level of price supports, 12-7-57, p. 47
Dollar, food, farmers get 40 cents of (Chart), 3-2-57, p. 107
Egg price outlook next fall about same as in 1957, 12-7-57, p. 47.
prices above year-before levels by September, 7-6-57, p. 39
prices beginning to move up, 8 17-57, p. 83
prices expected to be higher in 1958, 11-2-57, p. 55
prices expected to strengthen next few months, 7-20-57, p. 39
prices should go above last year's levels, 6-1-57, p. 47
prices should improve, 3-2-57, p. 107
prices this winter above last winter's levels predicted, 4-20-57, p. 33
producers get most money if they stay with present production cuts, 4-20-57, p. 83
producers' prospects look encouraging for fall and winter, 4-6-57, p. 91
producers should have good season beginning this fall, 6-15-57, p. 63
production below year-earlier levels by end of 1957, 8-17-57, p. 83
production lower this fall than year before, 6-15-57, p. 63
production per layer keeps going up, 11-16-57, p. 47
output appears large for period just ahead, 1-19-57, p. 67
price cycle may be about ready to make another turn, 1-19-57, p. 67
Export programs in record-smashing year, special government, 9-21-57, p. 75
Exports of farm products hit all-time high in 1957, 12-7-57, p. 47
Family living costs in transportation and taxes, greatest boost in, 11-16-57, p. 47
Farm economy showed signs of health first six months, 7-20-57, p. 39
enlargement one reason for increasing farm real estate debt, 7-6-57, p. 39
exports for year set new record, 9-21-57, p. 75
exports, how maintain high level of, 12-7-57, p. 47
income first half of year up 2½ per cent, 8-3-57, p. 63
land values continue to rise as farmers enlarge farms, 7-6-57, p. 39
prices probably average lower than in 1957, 11-2-57, p. 55
production expected higher in 1958, costs of items used in, 11-16-57, p. 47
production to yield reasonably good and stable farm incomes, adjust, 12-21-57, p. 31
product output set new record last year, 10-5-57, p. 75
products, big demand for, 1-5-57, p. 55
Farmers in big hog producing areas have best prospects for increased incomes, 1-5-57, p. 55
Farrowings too much, Benson warns farmers of danger of boosting spring, 10-19-57, p. 67
Feed concentrate supply amounts to 1.28 tons per animal unit, 9-21-57, p. 75
Feeder buyers may not be able to fill yards with cheap cattle, 7-6-57, p. 39
Feed grain in government hands, further pile-up of, 10-19-57, p. 67
grain output in better balance, must find way to get, 10-19-57, p. 67
grain prices, long range prospect is for lower, 2-16-57, p. 95
grain production large enough to insure lower feed prices than year ago, 11-16-57, p. 47
grain supply be felt in form of increased livestock output, how soon will, 10-19-57, p. 67
grains and soybean oil for export, about half of, 9-21-57, p. 75
in southwest, world of winter, 11-16-57, p. 47
prices cheaper this fall, 9-7-57, p. 95
prices, effect of lower trend in, 5-18-57, p. 75
production with average weather will exceed last year's total, 4-6-57, p. 91
supplies, record, in prospect for coming year, 9-21-57, p. 75
Grain carryover next fall not as large as anticipated, 12-21-57, p. 31
prices dropped after crop report came out, 7-20-57, p. 39
prices influenced by weather, 6-15-57, p. 63
prices, lower, two things which might prevent, 2-16-57, p. 95
sorghum and barley increases offset decreases in oats and corn, 4-6-57, p. 91
sorghum has virtually same feed value as corn, per pound, 9-21-57, p. 75
sorghum if you need feed, buy, 10-19-57, p. 67
sorghum prices supported by loans this year, 4-6-57, p. 91
sorghum sales low in southwestern Iowa, 11-16-57, p. 47
sorghum tested in feeding trials with success, 10-19-57, p. 67

supplies increase, holdover, 2-16-57, p. 95
Harvesting weather, cornbelt and southern plains plagued by bad, 12-21-57, p. 31
Hay one of best this year, first cutting of, 8-17-57, p. 83
crop estimate October 1, 1957, 11-2-57, p. 55
crop this year best on record, 8-3-57, p. 63
Hog business, no farmer need fear being driven out of, 4-20-57, p. 83
-corn ratio on Iowa farms, 12-21-51, p. 31
cycle make complete turn, three to five years usual time for, 2-16-57, p. 95
farrowing planned on basis of anticipated dollar corn this fall, 10-19-57, p. 67
increases shown, trend toward, 6-1-57, p. 47
market bottom came in late October, 12-7-57, p. 47
market may cost hog raisers plenty next fall, November's stable, 12-7-57, p. 47
market, weak period in, late this year, 1-19-57, p. 67
marketings in July three percent under sales of year before, 7-6-57, p. 39
marketings to mid-March less than year ago, 4-20-57, p. 83
price dip speedy and sharp, 11-16-57, p. 47
price fall low spot probably early December, 8-17-57, p. 83
price gains expected to be less this summer, 5-18-57, p. 75
price peak likely between late May and early July, 4-20-57, p. 83
price peak should be $1 to $2 higher than last summer, 4-20-57, p. 83
price troubles likely this November, 2-16-57, p. 95
prices continue fall seasonal decline, 10-5-57, p. 75
prices expected greater than year before, fall decline in, 6-1-57, p. 47
prices due, seasonal rise in, 4-6-57, p. 91
prices, fall, likely to drop, 10-5-57, p. 75
prices in December, look for fall low in, 9-7-57, p. 95
prices likely to average lower in 1958, 11-2-57, p. 55
prices passed summer peak, 8-17-57, p. 83
prices should average higher next year, 7-6-57, p. 39
prices should be strong in May, 5-4-57, p. 75
prices steadier from March to May than last year, 3-2-57, p. 107
prices usually start down middle of August, 8-3-57, p. 63
prices will bob up and down, show no definite trend, 11-16-57, p. 47
producers in main hog states plan to boost winter litters, 10-5-57, p. 75
producers may be able to increase hog production 12 per cent, 3-2-57, p. 107
production cycle started, peak in 4-6-57, p. 91
production increasing due to favorable hog-corn ratio, 9-7-57, p. 95
production may be overdone next winter, 2-16-57, p. 95
production turning upward, 4-6-57, p. 91
raisers get benefit from reduced cattle slaughter, 3-2-57, p. 107
raisers, marketing tip for 1-19-57, p. 67
raising follow broiler business, will, 4-20-57, p. 83
receipts, March, sharply below year before, 3-2-57, p. 107
receipts ahead of year before this fall, 6-1-57, p. 47
supplies and price prospects shape up, 1-5-57, p. 55
Hogs continue profitable, 7-20-57, p. 39
December looks like peak marketing month for, 9-7-57, p. 95
market, will increase slightly in year ahead, 7-6-57, p. 39
probably get biggest boost from lower feed prices, 5-18-57, p. 75
selling at 21 cents in late August in Iowa, 9-7-57, p. 95
should be off to market when they reach 200 to 220 pounds, 8-17-57, p. 83
to heavier weights, feeding ratios encourage farmers to feed, 9-7-57, p. 95
used to salvage high moisture corn, 12-21-57, p. 31
weighing less than 200 pounds, don't sell, 8-17-57, p. 83
Income, personal, turned downward in September, 12-7-57, p. 47
Incomes, big, for food consumers expected this year, 1-5-57, p. 55
Industrial production and retail sales turned downward, 12-7-57, p. 47
Lamb crop, Iowa, up 5 percent, 9-7-57, p. 95
crop smaller this year, 3-16-57, p. 91
feeding deal, not much margin in, 9-7-57, p. 95
Lambs, feeder, sold higher than fat lambs at Omaha, 9-7-57, p. 95
Layer numbers down, early 1958, 11-16-57, p. 47
Layers on farms down five percent from year ago, 12-7-57, p. 47
Laying flocks will have fewer pullets than last fall, 3-2-57, p. 107
Livestock farmer returns this year best in 3 years, 10-5-57, p. 75
feeders, program for, 6-15-57, p. 63
expansion alone won't solve surplus feed problem, 5-4-57, p. 75
industry prices up more than 15 percent, 7-20-57, p. 39
production stimulated by feed prices, 5-18-57, p. 75
programs, what to keep in mind when planning, 6-15-57, p. 63
Living costs, family, expected to rise, slightly in year ahead, 11-16-57, p. 47
cost up steadily last 12 months, 9-7-57, p. 95
Loans and purchase agreements on 1956 corn, May 31 is deadline for, 5-4-57, p. 75
Meat and livestock products, expect continued good demand for, 3-16-57, p. 91
consumption per capita each year since 1945 (Chart), 3-16-57, p. 91
output first ten months this year down three percent, 12-21-57, p. 31
production per capita may go down moderately, 3-16-57, p. 91
Milk cow numbers are down, 10-5-57, p. 75
exports accounted for two-thirds of non-fat dried, 9-21-57, p. 75
production expected to make new high record, 1-19-57, p. 67
production in 1958, further push to, 10-5-57, p. 75
Oat prices under present production methods years ahead, 2-16-57, p. 95
storage usually pays, 7-20-57, p. 39
Oats, can get 60 cents for this year's, 5-18-57, p. 75
needed for feed next year should be bought now, 7-20-57, p. 39
prices due for downward adjustment, 5-18-57, p. 75
supplies low until next crop available, 1-19-57, p. 67
Pig crop, fall, indications point to larger, 9-7-57, p. 95
crop, spring, nine state estimate on size of, 2-16-57, p. 95
production, pig crop report indicates what's happening to, 3-16-57, p. 91
survey coming out this month, keep eye on, 12-7-57, p. 47
survey report, keep close eye on government, December 1, 12-21-57, p. 31
Pigs, early, should be rushed to market weights, 6-1-57, p. 47
signs point to increase in late spring, 2-2-57, p. 75
Population increase of about 1.7 percent, 7-6-57, p. 39
total, goes up each year, 1-19-57, p. 67
Pork, fat, consumer complaints continue about, 6-1-57, p. 47
production dropped seven percent first ten months this year, 12-21-57, p. 31
supply in storage is low, 6-15-57, p. 63
supplies in storage small, 7-6-57, p. 39
Poultry feeders, suggested program for, 6-15-57, p. 63
Prices, 1956, for hogs, choice cattle and choice feeder steers, (Chart) 2-2-57, p. 75
paid farmers three percent above previous year, 7-20-57, p. 39
Pullets to keep egg production near levels of last fall and winter, not enough, 4-6-57, p. 91
Rains, abundant, indicate cattle marketing pattern opposite from year ago, 6-15-57, p. 63
Range country marketings probably late this year, 8-3-57, p. 63
Roughage supplies larger than in fall of 1956, 10-5-57, p. 75
Schools and roads put pressure on local taxes, increased needs for, 11-16-57, p. 47
Sheep and lamb feeders, Iowa, increased over year before, 2-2-57, p. 75
and lambs on feed for market in U. S. above year ago, 2-2-57, p. 75
business, west fixing to go heavier into, 9-7-57, p. 95
Sheepmen have favorable prospects, 3-16-57, p. 91
production, more farmers taking look at, 9-21-57, p. 75
Sorghum yields equalled or exceeded corn yields last two years, 4-20-57, p. 83
Sows for fall pigs exceed year ago, expect, 6-1-57, p. 47
to farrow late spring pigs show increase in five states, 4-6-57, p. 91
what farmers can do if there is an increase in, 3-16-57, p. 91
Soybean acreage considerably higher than last year, 7-20-57, p. 39
average price about same as preceding year, 9-7-57, p. 95
carryover estimated 15 to 30 million bushels, 7-6-57, p. 39
carryover less than expected, 7-20-57, p. 39
crop prospects boosted to record high, 10-19-57, p. 67
crop varies widely over the country, 8-3-57, p. 63
holdover likely this fall, 4-6-57, p. 91
market, what may produce soft spot in, 5-4-57, p. 75
meal, October and November should be good time to stockpile, 9-21-57, p. 75
meal output is high, 9-21-57, p. 75
meal prices always low at harvest time, 9-21-57, p. 75
oil outlook little weaker than last year, 9-7-57, p. 95
prices for new crop $2.09, 5-18-57, p. 75
prices not likely to go below loan values, 2-2-57, p. 75
prices slumped below loan level, 10-18-57, p. 67
production, doesn't appear to be good time for expansion of, 4-20-57, p. 83
stocks on farms above year ago, 5-4-57, p. 75
storage heavy this fall, 11-2-57, p. 55
Soybeans above year ago, 55 million bushels, 2-16-57, p. 95
for November delivery $2.50 per bushel, price of, 8-17-57, p. 83
taken over by government after May 31 not used to break prices, 4-20-57, p. 83
taken over on loans, government has lot of, 6-1-57, p. 47
this year, total supplies of 11-2-57, p. 55
what to do if you decide to hold, 1-19-57, p. 67
Steel in coming year, look for higher prices on things made of, 8-17-57, p. 83
prices, higher, big reason for higher costs in farm production items, 11-16-57, p. 47
Steers and calves, feeder, higher than year ago, 3-2-57, p. 107
Turkey grower intentions for this year, 2-16-57, p. 95
output in 1958, no cutback in, 11-16-57, p. 47
output is possible, further boost in 1958, 11-16-57, p. 47
prices, holiday, probably better than September prices, 9-7-57, p. 95
prices rose sharply late in season last year, 11-16-57, p. 47
storage stocks, heavy, helped depress summer prices, 9-7-57, p. 95
Turkeys, record supply of, 6-1-57, p. 47
Wage rates, farm, not expected to change much, 2-16-57, p. 95
Weather, dry, strengthens grain prices, 4-20-57, p. 83
Western range conditions best since 1947, 8-3-57, p. 63
Wheat, cotton and rice exports expected to decline in 1958, 12-7-57, p. 47
for export, 57 percent of, 9-21-57, p. 75
pastures, Kansas, clue to fall lamb feeding outlook, 8-17-57, p. 83
pastures make good feed, 11-16-57, p. 47
pastures, wild bidding for feeder cattle with lush, 11-16-57, p. 47
quotas good news, favorable vote on, 7-6-57, p. 39
Wool clip in United States down several years, 9-21-57, p. 75
demand, strong world, resulted in substantially higher prices, 9-21-57, p. 75
price supports continued at 62 cents per pound, 3-16-57, p. 91

What's New

Aerator, Rolfes Grain Aeration Co., Boone, Iowa, 8-21-57 p. 74
Art's-Way Feed Mixer, Arthur Luscombe, Dolliver, Iowa, 2-16-57, p. 94
Auger, new, Knoedler Manufacturers, Inc., Streator, Illinois, 1-19-57, p. 66
Auger, pick-up, Silage Equipment Inc., Wichita, Kansas, 12-7-1957, p. 46
Bale buster, Wood Brothers Mfg. Co., Oregon, Illinois, 11-2-57, p. 54
Bale loader, Comfort Equipment Co., 2609 Walnut St., Kansas City, Mo., 4-6-57, p. 90
Baler, new model, New Holland Machine Co., New Holland, Pennsylvania, 1-19-57, p. 66
Barn cleaner, shuttle stroke, hydraulic, James Mfg. Co., Fort Atkinson, Wisconsin, 2-16-57, p. 94
Battery charger, Twentieth Century Mfg. Co., 224 West 82nd St., Minneapolis 20, Minnesota, 3-16-57, p. 90
Blader, saw-tooth cutting, Roper Mfg. Co., Zanesville, Ohio, 2-2-57, p. 74
Blanket, pig, Johnson Gas Appliance Co., Cedar Rapids, Iowa, 12-7-57, p. 46
Blower, crop, Fox River Tractor Co., Appleton, Wisconsin, 10-5-57, p. 74
Brooder, Super "hi-lo", Brower Mfg. Co., Quincy, Illinois, 10-19-57, p. 66
Bucket leveling device, Henderson Mfg. Co., Inc., Cedar Rapids, Iowa, 6-15-57, p. 62
Cherry pitter, G and H Industries, 1615 Lakeway Ave., Kalamazoo, Michigan, 6-1-57, p. 46
Corn crib, dual-purpose, Fremont Mfg. Co., Fremont, Nebraska, 8-21-57, p. 74
Corn head, Allis Chalmers Mfg. Co., Milwaukee, Wisconsin, 8-21-57, p. 74
Cover board, Spred-All, Bellevue, Ohio, 5-4-57, p. 74
Cover-jointer, Sherman Products, Inc., Royal Oak, Michigan, 3-2-57, p. 38
Crop saver, row, Hesston Mfg. Co., Hesston, Kansas, 1-5-57, p. 54
Crop protector, Finco, Inc., Aurora, Illinois, 5-18-57, p. 74
Cultivator Sweeps, Lantz Mfg. Co., Valparaiso, Indiana, 5-4-57, p. 74
Cutting blade, Soil Mover Co., Columbus, Nebraska, 6-15-57, p. 62
Disk harrow, International Harvester Co., 180 N. Michigan Ave., Chicago 1, Illinois, 5-4-57, p. 74
Disk opener, John Deere Co., Moline, Illinois, 3-16-57, p. 90
Drier, hay, New Holland Machine Co., New Holland, Pennsylvania, 7-20-57, p. 38
Drill earth, General Equipment Co., Owatonna, Minnesota, 12-21-57, p. 30
Dryer, grain, American Crop Drying & Equipment Co., Crystal Lake, Illinois, 8-17-57, p. 20
Dryer, Tatge Chemical Co., Herington, Kansas, 8-17-57, p. 82
Dryer, corn and grain, Martin Products Corp., Mansfield, Ohio, 10-5-57, p. 74
Duster, hand, H. D. Hudson Mfg. Co., 589 East Illinois St., Chicago 11, Illinois, 3-16-57, p. 90
Egg cooler, James Mfg. Co., Fort Atkinson, Wisconsin, 1-19-57, p. 66
Egg washer, Woodin Mfg. Co., Laurens, Iowa, 4-20-57, p. 82
Egg washer, FM Engineering Co., Inc., Moorhead, Minnesota, 7-20-57, p. 38
Elevator, new model, Smoker Farm Elevators, Inc., Intercourse, Pennsylvania, 6-1-57, p. 46
Fan, new, New Holland Machine Co., New Holland, Pennsylvania, 8-7-57, p. 94
Feed mixer, Bodensteiner Mfg. Co., West Des Moines, Iowa, 5-18-57, p. 74
Feed mixer, Art's Way, Arthur Luscombe, Dolliver, Iowa, 2-16-57, p. 94
Feeder, bunk (screw conveyor) Scottdel, Inc., Swanton, Ohio, 10-5-57, p. 74
Feeder, creep, Brower Mfg. Co., Quincy, Illinois, 12-7-57, p. 46
Filter (fuel oil type) General Filters, Inc., Novi, Michigan, 3-16-57, p. 90
Forage box, converts to feeder, Dultmeier Mfg. Co. Manning, Iowa, 3-2-57, p. 106
Gate, Flo-Control High Pressure, Heinzman Sons, Grand Island, Nebraska, 7-20-57, p. 38
Gauge, air pressure, Firestone, Akron, Ohio, (see local dealer) 4-6-57, p. 90
Harrow, flexible, John Deere Co., Moline, Illinois, 3-2-57, p. 38
Harvester, corn (new attachment), Lundell Mfg. Co., Cherokee, Iowa, 7-20-57, p. 38
corn, Lundell Mfg. Co., Cherokee, Iowa, 8-17-57, p. 82
hood, Brady Mfg. Corp., S.E. 30th & Granger, Des Moines 17, Iowa, 6-1-57, p. 46
Ro-Master, Southern Iron & Equipment Co., 5310 New Peachtree Road, Chamblee, Georgia, 12-21-57, p. 30
"Shredmaster," L. H. Schultz Mfg. Co., Rochelle, Illinois, 10-19-57, p. 66
Hay Bale Loader, Pop-up, Saint Jo Manufacturing Co., St. Joseph, Missouri, 2-2-57, p. 74
baler (MMBaler), Minneapolis, Moline Co., Box 1050, Minneapolis, Minnesota, 6-15-57, p. 62
Heat houser, Burch Mfg., Co., Fort Dodge, Iowa, 11-16-57, p. 46
Heater, gas-fired, Century Engineering Corp., Cedar Rapids, Iowa, 12-21-57, p. 30
new tractor, International Harvester Co., 180 N. Michigan Ave., Chicago 1, Illinois, 1-5-57, p. 54
portable, Knipco, Knickerbocker Products Co., Box 501, Dayton 1, Ohio, 11-16-57, p. 46
tractor, Comfort, Comfort Equipment Co., Kansas City, Mo., 12-7-57, p. 46
"Heat wagon," Lennox Farm Div., Des Moines, Iowa, 10-19-57, p. 66
Hog shelter, Butler Mfg. Co., 7400 E. 13th St., Kansas City 26, Missouri, 3-2-57, p. 106
Hog Watering Tank, Princeton Welding Shop, Princeton, Illinois, 11-2-57, p. 54
Hoist, Uni-Link, Schwartz Mfg. Co., Lester Prairie, Minnesota, 10-19-57, p. 66
Hot rods (inserts in roasts, etc.) W. I. Stearns Co., Arlington, Vermont, 3-2-57, p. 38
Humidifier, Master-Bilt Refrigeration Mfg. Co., 4029 Folsom Ave., St. Louis 10, Missouri, 11-2-1957, p. 54
Injecto-Flow, Dynarex Corp., 6218 Clayton Ave., St. Louis 10, Missouri, 4-20-57, p. 82
Jackpost, Brainard Steel Division, Sharon Steel Corp., Warren, Ohio, 8-17-57, p. 20
Jet Wire Roller, Jet Company, Gilmore City, Iowa, 6-15-57, p. 62
"Kontrol King", power steering unit, Char-Lynn Co., 26th Ave. S., Minneapolis, Minnesota, 11-2-57, p. 54
"Kurrie King", animal oiler, Blair Mfg. Co., Blair, Nebraska, 11-2-57, p. 54
Lift, hydraulic, Twin-Draulic, Inc., Laurens, Iowa, 4-20-57, p. 82
hydraulic, Noble Mfg. Co., Sac City, Iowa, 4-6-57, p. 90
Light, (service), General Electric Co., Providence 7, R. I., 1-19-57, p. 66
Loader, hydraulic, New Idea Farm Equipment Co., Coldwater, Ohio, 2-16-1957, p. 94
pop-up hay bale loader, St. Jo Mfg. Co., St. Joseph, Missouri, 2-2-57, p. 74
with bucket leveling device, Henderson Mfg. Co., Inc., Cedar Rapids, Iowa, 6-15-57, p. 62
Lubricator, Aro Equipment Corp., Bryan, Ohio, 9-7-57, p. 94
Magic Plastic Aluminum, Magic Iron Cement Co., 5403 Bower Ave., Cleveland, Ohio, 2-16-57, p. 94
Mail box signal, Klein Products, Harvey, Iowa, 1-5-57, p. 54
Measuring bottle, plastic, Monsanto Chemical Co., 1700 S. Second St., St. Louis 4, Missouri, 8-3-57, p. 62
Meter attaches to tractor wheel, Cochnar Mfg. Co., Dorchester, Nebraska, 3-2-57, p. 38
Milk can, stainless steel John Wood Company, Metalware Division, Conshohocken, Pennsylvania, 5-18-57, p. 74
cooler, Groen Mfg. Co., 4539 W. Armitage Ave., Chicago 39, Illinois, 10-19-57, p. 66
cooler, Star Pump & Cooler Corp., St. Louis, Missouri, 4-6-57, p. 90
Mouse killer, Admiration Plastic Co., Box 273, Deerfield Illinois, 2-16-57, p. 94
Mower, new, International Harvester, 180 N. Michigan Ave., Chicago 1, Illinois, 8-3-57, p. 62
Oil refiner, Oilpure Refiner Co., 507 Fifth Ave., New York, N. Y., 1-5-57, p. 54
Oiler, animal (Kurrie King), Blair Mfg. Co., Blair, Nebraska, 11-2-57, p. 54
Picker-Sheller, John Deere, Moline, Illinois, 10-5-57, p. 74
"Pig-Warmer", Ritchie Mfg. Co., Conrad, Iowa, 12-21-57, p. 30
Plastic covers, Visking Co., Plastics Division, Terra Haute, Indiana, 5-18-57, p. 74
metal, aluminum, Magic Iron Cement Co., 5403 Bower Ave., Cleveland, Ohio, 2-16-57, p. 94
Plows, Ford, Ford Motor Co., Birmingham, Michigan, 12-7-57, p. 46
Power Steering Unit, Char-Lynn Co., 26th Avenue S., Minneapolis, Minnesota, 11-2-57, p. 54
steering unit, Yetter Manufacturing Co., Inc., Colchester, Illinois, 2-2-57, p. 74
Pump, centrifugal pressure type, homelite, Port Chester, N. Y., 1-5-57, p. 54
new power spray, H. D. Hudson Mfg. Co., 589 E. Illinois St., Chicago 11, Illinois, 6-1-57, p. 46
Radio, Gardiner Electronics Co., 2545 East Indian School Road, Phoenix, Arizona, 2-2-57, p. 74
Rat and mouse killer, Niagara Chemical Division Food Machinery and Chemical Corp., Middleport, New York, 8-3-57, p. 62
Rodometer, land measurer, Tunnel Shield Mfg. Co., Jasper, Minnesota, 3-2-57, p. 106
Ro-Master harvester, Southern Iron & Equipment Co., 5310 New Peachtree Road, Chamblee, Georgia, 12-21-57, p. 30
Roof, high angle, Behlen Mfg. Co., Columbus, Nebraska, 3-2-57, p. 106
Rubber, work, Tingley Rubber Corp., Rahway, New Jersey, 4-20-57, p. 82
Safe, Protectall Safes, Hamilton, Ohio, 4-6-57, p. 90
Saw, chain, Homelite, Port Chester, New York, 8-21-57, p. 74
chain, McCulloch Motors Corp., 6101 W. Century, Los Angeles, California, 10-5-57, p. 74
power, Wright Power Saw Division Thomas Industries, Inc., 410 South Third St., Louisville, Kentucky, 3-16-57, p. 90
Scale for weighing hogs, Caswell Mfg. Co., Cherokee, Iowa, 3-2-57, p. 38
Self feeder, Behlen Mfg. Co., Columbus, Nebraska, 9-21-57, p. 74
Sheller, corn, King and Hamilton Co., Ottawa, Illinois, 8-17-57, p. 20
field, Fleischer Mfg. Inc., Columbus, Nebraska, 8-3-57, p. 62
Shredmaster harvester, L. H. Schultz Mfg. Co., Rochelle, Illinois, 10-19-57, p. 66
Silage loader, Snow Co., 5004 North 30th St., Omaha, Nebraska, 11-16-57, p. 46
Silo cover, Canton Container, Inc., Canton, Ohio, 8-17-57, p. 82
Sprayer, Hi-clearance, Hagie Mfg. Co., Clarion, Iowa, 6-1-57, p. 46
wheels, Kim Mfg. Co., 1221 Summit St., Kansas City, Missouri, 4-20-57, p. 82
Spreader, L. H. Schultz Mfg. Co., Waterloo, Iowa, 8-17-57, p. 82
Tiller, rotary, Howard Rotavator Co., Inc., Arlington Heights, Illinois, 11-16-57, p. 46
Tractor, (46 in. long, 30 wide and 33 high) Cizek Mfg. Co., Clutier, Iowa, 3-2-57, p. 38
Massey-Ferguson, Massey-Ferguson Co., 12601 South Field Road, Detroit, Michigan, 12-21-57, p. 30
new, Minneapolis-Moline Co., Minneapolis, Minnesota, 9-7-57, p. 94
wheel tool, Hotchkiss Steel Products Co., Bradford, Illinois, 5-4-57, p. 74
Uni-Link hoist, Schwartz Mfg. Co., Lester Prairie, Minnesota, 10-19-57, p. 66
Unloader, wagon, Flinchbaugh Co., York, Pennsylvania, 9-7-57, p. 94
Wagon box, Portable Elevator Mfg. Co., Bloomington, Illinois, 7-20-57, p. 38
Waterer, poultry, Blosser Turkey Farms, Wellman, Iowa, 11-16-57, p. 46
Ritchie, Ritchie Mfg. Co., Conrad, Iowa, 8-17-57, p. 20
Water fountain, automatic, Fairfield Engineering Co., Fairfield, Iowa, 9-7-57, p. 94
Wheel-loader, Richardson Mfg. Co., Cawker City, Kansas, 6-15-57, p. 62
Window cleaner, new, Marvelite Products, P. O. Box 806, Guttenberg, N. J., 3-2-57, p. 106

Manufacturers What's New

Admiration Plastic Co., Box 273, Deerfield, Illinois, mouse killer, 2-16-57, p. 94
Allis Chalmers Mfg. Co., Milwaukee, Wisconsin, corn head, 8-21-57, p. 74
American Crop Drying & Equipment Co., Crystal Lake, Illinois, dryer, grain, 8-17-57 p. 20
Aro Equipment Corp., Bryan, Ohio, lubricator, 9-7-57, p. 94
Behlen Mfg. Co., Columbus, Nebraska, roof, high-angle, 3-2-57, p 106
Behlen Mfg. Co., Columbus, Nebraska, self feeder, 9-21-57, p. 74
Blair Mfg. Co., Blair, Nebraska, Kurrie King, animal oiler, 11-2-57, p. 54

Blosser Turkey Farms, Wellman, Iowa, waterer, poultry, 11-16-57, p. 46
Bodensteiner Mfg. Co., West Des Moines, Iowa, feed mixer, 5-18-57, p. 74
Brady Mfg. Corp., S.E. 30th and Granger, Des Moines 17, Iowa, harvester hood, 6-1-57, p. 46
Brower Mfg. Co., Quincy, Illinois, brooder, Super "hi-lo", 10-19-57, p. 66
Brower Mfg. Co., Quincy, Illinois, feeder, creep, 12-7-57, p. 46
Burch Mfg. Co., Fort Dodge, Iowa, heat houser, 11-16-57, p. 46
Butler Mfg. Co., 7400 E. 13th St., Kansas City 26, Missouri, hog shelter, 3-2-57, p. 106
Canton Container, Inc., Canton, Ohio, silo cover, 8-17-57, p. 82
Caswell Mfg. Co., Cherokee, Iowa, scale for weighing hogs, 3-2-57, p. 38
Century Engineering Corp., Cedar Rapids, Iowa, heater, LP gas-fired, 12-21-57, p. 30
Char-Lynn Co., 26th Ave., S. Minneapolis, Minnesota, power steering unit "Kontrol King", 11-2-57, p. 54
Cizek Mfg. Co., Clutier, Iowa, tractor (46 in. long, 30 wide and 33 high), 3-2-57, p. 38
Cochnar Mfg. Co., Corchester, Nebraska, meter attaches to tractor wheel, 3-2-57, p. 38
Comfort Equipment Co., 2609 Walnut St., Kansas City, Missouri, bale loader, 4-6-57, p. 90
Comfort Equipment Co., Kansas City, Missouri, heater, tractor, Comfort, 12-7-57, p. 46
John Deere Co., Moline, Illinois, disk opener, 3-16-57, p. 90
John Deere Co., Moline, Illinois, harrow, flexible, 3-2-57, p. 38
John Deere, Moline, Illinois, picker-sheller, 10-5-57, p. 74
Dultmeier Mfg. Co., Manning, Iowa, forage box, converts to a feeder, 3-2-57, p. 106
Dynarex Corp., 6218 Clayton Ave., St. Louis, 10 Missouri, injecto-flow, 4-20-57, p. 82
Fairfield Engineering Co., Fairfield, Iowa, water fountain, automatic, 9-7-57, p. 94
Finco, Inc., Aurora, Illinois, crop protector, 5-18-57, p. 74
Firestone, Akron, Ohio (see local dealer), gauge air pressure, 4-6-57, p. 90
Fleischer Mfg., Inc., Columbus, Nebraska, Sheller, field, 8-3-57, p. 62
Flinchbaugh Co., York, Pennsylvania, unloader, wagon, 9-7-57, p. 94
FM Engineering Co., Inc., Moorhead, Minnesota, egg washer, 7-20-57, p. 38
Ford Motor Co., Birmingham, Michigan, plows, Ford, 12-7-57, p. 46
Fox River Tractor Co., Appleton, Wisconsin, blower, crop, 10-5-57, p. 74
Fremont Mfg. Co., Fremont, Nebraska, corn crib, dual purpose, 8-21-57, p. 74
Gardiner Electronics Co., 2545 East Indian School Road, Phoenix Arizona, radio, 2-2-57, p. 74
General Electric Co., Providence, 7, R. I., light (Service), 1-19-57, p. 66
General Equipment Co., Owatonna, Minnesota, drill, earth, 12-21-57, p. 30
General Filters, Inc., Novi, Michigan, filters (fuel oil type) 3-16-57, p. 90
G and H Industries, 1615 Lakeway Ave., Kalamazoo, Michigan, cherry pitter, 6-1-57, p. 46
Groen Mfg. Co., 4539 W. Armitage Ave., Chicago 39, Illinois, milk cooler, 10-19-57, p. 66
Hagie Mfg. Co., Clarion, Iowa, sprayer, Hi-clearance, 6-1-57, p. 46
Heinzman Sons, Grand Island, Nebraska, gate, Flo-Control high pressure, 7-20,57, p. 38
Henderson Mfg. Co., Inc., Cedar Rapids, Iowa, loader, with bucket leveling device, 6-15-57, p. 62
Hesston Mfg. Co., Hesston, Kansas, crop saver, row, 1-5-57, p. 54
Homelite, Port Chester, N. Y., pump, centrifugal pressure type, 1-5-57, p. 54
Homelite, Port Chester, N. Y., saw, chain, 8-21-57, p. 74
Hotchkiss Steel Products Co., Bradford, Illinois, tractor wheel tool, 5-4-57, p. 74
Howard Rotavator Co., Inc., Arlington Heights, Illinois, tiller, rotary, 11-16-57, p. 46

Workday Pointers

Accident rate on highways, suggestion for cutting down, 2-2-57, p. 36
Accidents and falls reduced if hurrying and absent-mindedness avoided, 9-21-57, p. 41
in farm driveways, clear view needed to prevent, 11-2-57, p. 23
Alfalfa brome pasture increased milk production per acre, rotation grazing of, 4-20-57, p. 42
brome stand, amount of each to seed for, 3-2-57, p. 52
field next year, to get good, 4-6-57, p. 24
fields most likely to show drouth effects in July, 5-4-57, p. 26
hay or silage fed as supplement did not increase milk production, 6-15-57, p. 51
hay, to make good, 6-1-57, p. 42
risk of loss cut by making grass silage of, 5-18-57, p. 39
sucks moisture out of subsoil more rapidly than corn or beans, 2-16-57, p. 38
Aluminum sheeting in poultry houses gave good service, 2-2-57, p. 36
Amino triazole kills all vegetation, 6-15-57, p. 51
Animals eat better in daylight, 1-19-57, p. 39
Apple trees available, dwarf, 4-6-57, p. 24
Bag worms, spray for destroying, 6-1-57, p. 42
Barley, oats, rye and flaxseed mature April 30, government loans and purchase agreements, 4-20-57, p. 42
Barnyards, good rule for, 2-16-57, p. 38
Beef men have job of breeding and feeding for quality meat animals, 8-3-57, p. 35
Bin, why grain crusts over top in (Sketch), 1-5-57, p. 27
Birds farmers' friend more than enemy, 3-2-57, p. 52
Birdsfoot trefoil, advantages of, 3-16-57, p. 24
Blackleg, when necessary to vaccinate cattle for, 5-18-57, p. 39
Blue tag badge of certified seed, 2-16-57, p. 38
Boat, teach children how to handle a, 8-17-57, p. 65
Bolts, studs, broken below surface, welding outfit will remove, 1-19-57, p. 39
Bookkeeping, farm, saves time, 2-16-57, p. 38
Box elder bugs, spray for, 8-17-57, p. 65
Brooder, chick, infra-red lamp, curtains cut electricity cost in, 1-5-57, p. 27
house, warm spring days call for ventilation adjustments in, 4-6-57, p. 24
Broodiness in hens, diethylstilbestrol for, 2-16-57, p. 38
Brucellosis control regulations in force, new, 1-19-57, p. 39
Bulls can't trust, 8-3-57, p. 35
Butterfat percent in milk in first and fourth quart and strippings, 5-4-57, p. 26
Calf feeding more profitable on corn belt land than calf raising, when, 4-20-57, p. 42
Calves need grain and pasture for rapid growth, 6-1-57, p. 42
Canada thistles in oats, when to spray, 6-1-57, p. 42
Cannibalism, debeaking only way to stop, 1-19-57, p. 39
Car traveling 60 miles per hour, distance to stop if, 2-16-57, p. 38
Cattle feed yard, use cobs for dry, 2-16-57, p. 38
feeder, and calves normally reach highest prices in May, 9-21-57, p. 41
feeder, Iowa State College experiment with, 3-2-57, p. 52
gains checked if animals stand knee deep in mud, 2-16-57, p. 38
make most money, when plain, 4-6-57, p. 24
should be kept quiet as possible before slaughtering, 8-17-57, p. 65
to buy for grass, what kind, 4-6-57, p. 24
Chick feed waste, how to cut down, 3-16-57, p. 24
houses should be proof against sparrows and rodents, 3-16-57, p. 24
Chicks need plenty of room to grow, 3-16-57, p. 24
should be quartered 20 to 30 rods from older birds, 3-16-57, p. 24
Chimneys, time to fix and clean, 10-5-57, p. 23
Chlordane, toxaphene, lindane or dieldrin spray for box elder bugs, 8-17-57, p. 65
Cholera vaccination insures against loss, 2-2-57, p. 36
Chores, farm youngsters should share in profits if they do, 9-21-57, p. 41
Chutes, stair-stepped loading, save injuries to animals (Sketch), 7-6-57, p. 20
Clear-span construction of farm buildings practical up to 40-foot widths, 3-2-57, p. 52
Clothes pole height in adult closet, necessary, 2-16-57, p. 38
Clover stands, red, good from seeding of 7-8 pounds per acre, 3-2-57, p. 52
Combine, consideration needed when deciding whether to own or hire, 7-6-57, p. 20
parts should be ordered in June, 6-15-57, p. 51
Concrete floors in bins or cribs moisture proof, to make (Sketch), 7-20-57, p. 14
Conservation reserve contracts signed at county ASC office, 4-6-57, p. 24
Contoured fields hold heavy showers, 5-18-57, p. 39
Corn acreage reserve sign-up ended March 8, 4-6-57, p. 24
allotment overplanted, to adjust if, 6-1-57, p. 42
better than oats when pigs on pasture, 6-15-57, p. 51
bins should be cleaned thoroughly before harvest time, 9-21-57, p. 41
field after harvest, for exercise and feed turn sows into, 11-2-57, p. 23
fields, mineral mixture and protein supplements needed by sows running in, 11-2-57, p. 23
high moisture ground ear, produced cheaper gains than regular, 9-21-57, p. 41
high moisture, produced better gain than dry corn fed to pigs, 11-2-57, p. 23
kernels dropped per acre in fields, rule for figuring, 5-4-57, p. 26
land in acreage reserve, how handle, 4-6-57, p. 24
last cultivation, best time to give knee-high, 6-15-57, p. 51
last time over, shallow cultivation best practice for, 6-15-57, p. 51
loans available if compliance with corn acreage allotments, 3-16-57, p. 24
loans and purchase agreements on 1956 corn available until May 31, 4-20-57, p. 42
minimum amount of gas required to grow acre of, 3-2-57, p. 52
mostly, when to feed, 1-19-57, p. 39
or grain sorghum, consider hazards when deciding to grow, 2-16-57, p. 38
purchase agreement, eligible for resealing, 4-6-57, p. 24
sealed, can be re-sealed after loans mature July 31, 4-6-57, p. 24
seedbed, clods make it hard to get even stand in, 5-4-57, p. 26
silage as main feed will fatten cattle, 1-19-57, p. 39
silage makes low-cost ration for brood sows, 7-20-57, p. 14
silage to sows during gestation, results obtained feeding, 1-19-57, p. 39
stand thin, if subsoil dry better to have, 5-18-57, p. 39
stands damaged little by harrow or rotary hoe, 5-18-57, p. 39
stands shrink from number of kernels planted, 5-4-57, p. 26
stands, spotty, replant whole field if, 5-18-57, p. 39
supplement and hay saved if cattle started on grain, 7-20-57, p. 14
varieties, late, may get caught by frost, 5-18-57, p. 39
vs. molasses for fattening cattle, 2-16-57, p. 38
Cow, milk, salt needs per day of, 4-20-57, p. 42
test to determine butterfat content in milk, 5-4-57, p. 26
Cows and old hens should not occupy same quarters, 6-1-57, p. 42
beef, cull according to kind of calves they raise, 2-16-57, p. 38
beef, produced in corn belt at costs comparable to western range, compare, 3-2-57, p. 52
dairy, need not be milked before freshening, 2-16-57, p. 38
producing 12,300 pounds of milk vs. cows averaging 7,500 pounds, return income of 11-2-57, p. 23
Cow's udders before milking, reasons for washing, 4-6-57, p. 24
Curtains for infra-red lamp chick brooder cut electricity cost, 1-5-57, p. 27
Dalapan for killing quack grass, 10-2-57- p. 23
Dehorn cattle or calves, when to 3-16-57, p. 24
Diarrhea in baby pigs symptom of several diseases, 9-21-57, p. 41
Diethylstilbestrol for broody hens, 2-16-57, p. 38
Disk blades off ground in storage, how to keep, 5-4-57, p. 26
Driveway entrance to farm should have clear view each way, (Sketch), 7-6-57, p. 20
Driveways, farm, are accident hazards, 11-2-57, p. 23
Egg laying delayed in hens when Diethylstilbestrol used, 2-16-57, p. 38
gathering pail, recommended, 9-7-57, p. 75
storage room, temperature and humidity of 7-6-57, p. 20
Eggs, blood-spot, result from breeding of hens, 3-2-57, p. 52
in case small end down, pack, 7-20-57, p. 14
should be gathered oftener in hot weather, 6-15-57, p. 51
sprayed with oil hold high interior quality longer, 11-2-57, p. 23
to get accurate feed cost per dozen of, 3-16-57, p. 24
weights of large, medium and small, 2-2-57, p. 36
Electric cords should be put where can't be reached by children, 5-4-57, p. 26
wires, overloaded, expensive to operate, 8-3-57, p. 35
wires too small for load to cause drop in voltage, 2-16-57, 7 p. 38
wiring too small, how tell when, 2-16-57, p. 38
Ensiling stage, mixture of hybrids lengthens ideal, 5-18-57, p. 39
Evergreen roots, suggestion for setting out, 4-20-57, p. 42
Ewes on bluegrass, why keep, 9-7-57, p. 75
pregnant, before lambing time, grain per day, needed by, 4-6-57, p. 24
should be kept away from legume pasture during breeding season, 10-5-57, p. 23
Eye protection necessary when using cold chisel or punch, 3-16-57, p. 24
Farm record keeping, not too late to start, 2-2-57, p. 36
shop with clean floor safer place to work, 2-16-57, p. 38
Farrowing pens should be cleaned well ahead of time used, 2-16-57, p. 38
stall for each two sows is enough, when one, 1-19-57, p. 39
stalls work best, where, 4-6-57, 24
Feed cost per dozen eggs, to make rough estimate of, 3-16-57, p. 24
from old bluegrass pasture, to get early, 3-16-57, p. 24
for pregnant sows, two ways to limit, 1-5-57, p. 27
livestock after daylight and before dark, 1-19-57, p. 39
Fence braces, recommendations for (Sketch), 4-20-57, p. 42
wire, top, should be stretched first, 4-20-57, p. 42
Fertilizer applications, nitrogen, apply to bluegrass pasture for early feed, 3-16-57, p. 24
at a discount if bought early, 10-5-57, p. 23
Fertilizers, liquid and dry, give same results, 5-18-57, p. 39
File letters, bills, other information for quick reference, 2-16-57, p. 38

Fire hazard, rags soaked in oil, wax or paint, 3-2-57, p. 52
Float, method to find hole in leaky, 5-4-57, p. 26
Food delivered to bunks thru plastic pipes, 4-6-57, p. 24
Gas needed to grow acre of corn, amount of, 3-2-57, p. 52
tank or can, keep matches and lighted cigarettes away from, 9-21-57, p. 41
tanks should not be filled full in hot weather, 6-1-57, p. 42
tax refund July 1, 2-2-57, p. 36
tax refunds, file for, 9-7-57, p. 75
Gasoline tax, time to apply for refund on, 7-6-57, p. 20
required to grow acre of corn or beans, 2-2-57, p. 36
Gilts on limited ration produced bigger, stronger litters, 1-5-57, p. 27
pregnant, ration fed to, 1-19-57, p. 39
when to breed, 11-2-57, p. 23
Grain, coarse ground, crushed, rolled or crimpled better than fine grind, 3-2-57, p. 52
freshly ground, most desirable for livestock, 1-19-57, p. 39
new, should not be put in bins with old grain, 7-20-57, p. 14
sorghum crop, points to remember regarding, 5-18-57, p. 39
sorghum early, not wise to plant, 5-4-57, p. 26
sorghum seed, get several varieties of, 5-18-57, p. 39
sorghum, use hybrid seed when planting, 5-4-57, p. 26
spoilage in bin, to avoid (Sketch) 1-5-57, p. 27
Grape vines, best time to prune, 1-5-57, p. 27
Grass, quack, fall is time to kill, 10-5-57, p. 23
Grindstone, old tires used for trough for old fashioned (Sketch), 7-20-57, p. 14
Hay and grain lose vitamin content with long storage, 1-19-57, p. 39
Hardware disease, how avoid, 9-7-57, p. 75
Hay heats in stack or row, feed value lost when, 7-6-57, p. 20
Heat sickness, first aid for person suffering from, 7-20-57, p. 14
Heifers, spayed, vs. open in feedlot experiments, 1-5-57, p. 27
Hens, old, can be moved to summer laying shelter, in August, 8-3-57, p. 35
should be kept from cattle barn and hog house, 6-1-57, p. 42
Hoe section, rotary, pulled behind plow saves going over field again, 4-20-57, p. 42
Hog cholera, important to vaccinate for, 7-6-57, p. 20
fights can result in death losses, 3-2-57, p. 52
gains fastest and cheapest with full feed rather than limited, 5-18-57, p. 39
house cooled with low volume mist nozzle attached to water pressure system, 7-20-57, p. 14
profits, time of selling has lot to do with, 3-16-57, p. 24
raiser should see every pig every day, 4-20-57, p. 42
raisers, clean pens, yards and feeding floors important to, 2-2-57, p. 36
raisers, good don't hesitate to loaf around hog yards, 3-16-57, p. 24
Hogs, best method for selling, 3-16-57, p. 24
fed bulky rations in finishing period increased lean meat in carcass, 8-3-57, p. 35
finished slowly on bulky rations pays, when, 8-3-57, p. 35
heavy, don't net extra profits on declining market, 10-5-57, p. 23
kept cool make faster gains, 8-3-57, p. 35
meat-type, gain as cheaply as any kind, 4-6-57, p. 24
Hot days, danger signs to note on, 7-20-57, p. 14
Hybrid mixtures recommended for fields cut for silage, 5-18-57, p. 39
Insecticides, systematic poisons not safe as, 1-19-57, p. 39
Ladder life extended with linseed oil treatment, 4-20-57, p. 42
plain linseed oil best for painting, 8-3-57, p. 35
should be checked before using, 9-21-57, p. 41
Ladders, suggestion regarding, 5-4-57, p. 26
Lambs, orphan raised successfully largely on soybean meal, 3-16-57, p. 24
Leases, written, best for landlord and tenant, 8-17-57, p. 65
Leather, proper care and treatment of, 7-20-57, p. 14
Legumes take subsoil moisture when rainfall fails, 5-4-57, p. 26
Lightning rods not well grounded, no protection if, 4-20-57, p. 42
Lindane solution for control of mites in laying and brooding houses, 6-15-57, p. 51
Linseed oil better than paint for painting ladder, 8-3-57, p. 35
oil treatment extends life of ladders, 4-20-57, p. 42
Lump jaw, isolate cattle with, 2-16-57, p. 38
Machinery deserves thoro going-over once a year, 2-2-57, p. 36
Manure hauled and spread when ground is frozen, 2-2-57, p. 36
Mastitis in milk cows, common causes of 2-16-57, p. 38
lesions in milk cow seen more easily, when, 1-19-57, p. 39
Meat-type found in cattle as in hogs, 8-3-57, p. 35
Milk if milked completely dry each time, cows give more, 5-4-57, p. 26
quality improved if udders washed before milking, 4-6-57, p. 24
production not increased feeding cows alfalfa hay or silage, 6-15-57, p. 51
Mites, give special attention to male birds when dusting for, 9-7-57, p. 75
in laying and brooding houses, spray, 6-15-57, p. 51
Moisture, top five feet of soil can store 8-12 inches of, 5-4-57, p. 26
Molasses for fattening cattle, value of, 2-16-57, p. 38
Monday most popular day to market livestock, 7-20-57, p. 14
Motor power cut 19 percent by inadequate wiring, 8-3-57, p. 35
Mower tuned-up makes job easier and faster, 5-18-57, p. 39
Nail replaces bolts for fastening buildings to cement foundations, 2-16-57, p. 38
Nesting material, eggs cleaner when shavings used for, 9-7-57, p. 75
Nuts or burs, over-tightening, weakens bolt, 2-2-57, p. 36
Oak trees should have open wounds covered for protection of other trees, 3-16-57, p. 24
Oak wilt disease, To protect trees from, 3-16-57, p. 24
Oat hulls, finely ground, reduced tooth decay in animals, 1-5-57, p. 27
Oats can be harvested for silage, 4-20-57, p. 42
gasoline required to grow acre of, 2-2-57, p. 36
how to figure loss per bushel when combining, 7-20-57, p. 14
moisture content should be 13 per cent before storing, 7-20-57, p. 14
seed should be tested for germination, 3-16-57, p. 24
seeding makes quick pasture in spring, 4-6-57, p. 24
varieties recommended by Iowa State College, 2-2-57, p. 36
with 2,4-D, when to spray, 6-1-57, p. 42
Overeating disease in lambs, first signs of, 10-5-57, p. 23
Paint for particular job, use best type, 8-17-57, p. 65
Pasture, bluegrass, good substitute for ewes, 10-5-57, p. 23
seeding mixture for good hog, 3-16-57, p. 24
short, in mid-summer, what causes, 4-20-57, p. 42
Parakeratosis, zinc oxide mixed into feed protects pigs from, 7-20-57, p. 14
Pasture rent per acre per cow, 7-20-57, p. 14
Peach trees given nitrogen fertilizer produced highest quality fruit, 5-4-57, p. 26
Pear trees, dwarf, available, 4-6-57, p. 24
Pheasant population reduced by farm mechanization, 3-2-57, p. 52
Physical check-up, should have regular, 9-21-57, p. 41
Pigs are small, skimping on proper supplements hurts most when, 11-2-57, p. 23
feeder, what to look for when buying, 3-2-57, p. 52
in low range backfat thickness make most economical gains, 4-6-57, p. 24
on concrete need water cooling system, 6-1-57, p. 42
on pasture, corn better than oats for, 6-15-57, p. 51
per sow, 12.3, good practices for raising, 1-5-57, p. 27
raised successfully in dry lot, 1-5-57, p. 27
should be taught to eat during first three weeks, 4-6-57, p. 24
spring, keep selling soon as ready, 10-5-57, p. 23
weaned two to six weeks of age, ration needed by, 1-19-57, p. 39
Plastic cover successful in keeping grass silage, 6-1-57, p. 42
film covers for silos satisfactory, 3-2-57, p. 52
Plowed land dry and cloddy, once over with harrow for, 4-6-57, p. 24
Ponds, deepen edges of, to keep out water weeds, 10-5-57, p. 23
Poultry diseases, laboratory test only sure way to identify, 4-20-57, p. 42
houses favored, floor-run, with deep litter, no roosts, 3-2-57, p. 52
Protein supplement, mixed, vs. straight soybean oil meal for cattle, 5-18-57, p. 39
supplements required by sows running in corn fields, 11-2-57, p. 23
Prune grape vines and fruit trees, when to, 3-16-57, p. 24
Quack grass infested ground in dry area should be torn up, 10-5-57, p. 23
Rabies, children's pets should be vaccinated for, 3-16-57, p. 24
Radiators, time to check, 10-5-57, p. 23
Rainfall, crops get about 27 percent of, 6-1-57, p. 42
lost through runoff and weeds, 6-1-57, p. 42
Ratproof buildings, 10-5-57, p. 23
Rats, poisoning program in order for, 1-5-57, p. 27
Road rules when driving tractor, observe, 9-21-57, p. 41
Roughage for cattle not considered profitable, grinding, 3-2-57, p. 52
Rye, fall-seeded, chopped in dough stage makes good silage, 4-20-57, p. 42
Salt needed per day by milk cow, 4-20-57, p. 42
before cattle necessary at all times, 7-20-57, p. 14
Screws, loose, dip in glue, 6-1-57, p. 42
Seed, certified, blue tag badge of, 2-16-57, p. 38
Seedings between wide corn rows, how to plant, 4-6-57, p. 24
set out in spring, suggestions regarding, 3-2-57, p. 52
Self feeder and automatic waterer each day, check every, 4-26-57, p. 42
Shade for pigs is a must, 6-1-57, p. 42
Shades for hogs on pasture, provide temporary, 8-3-57, p. 35
Shavings rated better than straw or ground corn cobs for nests, 9-7-57, p. 75
Sheep than other livestock, cash return per dollar invested greater from, 5-4-57, p. 26
Shotgun discharges, danger zone from, 1-19-57, p. 39
Silage, corn, after cows freshen feed, 1-5-57, p. 27
covering, plastic film for, 4-20-57, p. 42
grass, experiments with plastic cover in keeping, 6-1-57, p. 42
grass, feed dry cows, 1-5-57, p. 27
grass, with grain fed to bred sows, 1-5-57, p. 27
Silo stacks gave good results, plastic film covers for, 3-2-57, p. 52
Snow cover prevents deep freezing of soil, 2-2-57, p. 36
Social Security payments for landlords require written lease and cooperative tenant, 2-2-57, p. 36
Sodium chlorate and atlacide sterilize soil, 6-15-57, p. 51
Soil before fall freeze-up, test, 10-5-57, p. 23
Sorghum, grain, stands dry weather better than corn, 8-3-57, p. 35
Sorghums, hybrid grain, averaged better than standard varieties, 2-2-57, p. 36
Sows and pigs, clean dry shelter helps prevent respiratory diseases in, 11-2-57, p. 23
bred in January, advantages of, 1-5-57, p. 27
or gilts, pregnant, properly feed, 2-2-57, p. 36
pregnant, best time to sell, 3-16-57, p. 24
pregnant, when worm remedies should not be given to, 1-5-57, p. 27
pregnant, ways to limit feed to, 1-5-57, p. 27
reach peak in milk production, when, 4-6-57, p. 24
Soybean loans mature May 31, 4-20-57, p. 42
seed blends, highest yielders among, 3-2-57, p. 52
seed, good idea to examine, 2-2-57, p. 36
rows need to be closer together in northern corn belt than southern, 5-18-57, p. 39
varieties recommended for Iowa, 2-2-57, p. 36
variety should fit your area for best results, 5-4-57, p. 26
Soybeans should cover ground completely at full growth, 5-18-57, p. 39
Sparkplugs from motor, proper way to remove, 2-2-57, p. 36
Spreader from front to back, load, 4-20-57, p. 42
Steer on pasture, yearling, grass eaten per day by, 5-4-57, p. 26
Steers, Holstein, make good gains on feed and good beef when fattened, 4-20-57, p. 42
Stockers and feeders, seasonal peak and low prices on, 4-6-57, p. 24
Straw unevenly distributed on new seedings of oats may kill legumes, 7-20-57, p. 14
Sudan grass planted too early, stands a problem if, 5-4-57, p. 26
grass seeded in late May or early June gives regular pastures rest, 4-20-57, p. 42
Swim, teach children to, 8-17-57, p. 65
Tax farm schedule, income, subscription price of W. F. & I. H. deductible item on, 1-19-57, p. 39
returns income, can be corrected, 3-2-57, p. 52
Termites a threat, use pressure treated lumber when, 4-20-p. 42
how to control, 3-16-57, p. 24
T.G.E., pig disease, 4-6-57, p. 24
Tile drainage good, helps crops in both wet and dry years, 3-16-57, p. 24
Tires, liquid-filled, improves traction, cheaper than chains, 3-2-57, p. 52
old auto, keep disk blades off ground when stored, 5-4-57, p. 26
Tires, old, uses around farm for, 7-20-57, p. 14
Tomatoes, advantages and disadvantages of staking, 6-15-57, p. 51
Tools, sharp, less dangerous than dull ones, 3-16-57, p. 24
Tooth decay in animals reduced with finely ground oat hulls, 1-15-57, p. 27
Tractor oil should be changed frequently when used for winter chore operations, 1-19-57, p. 39
speed doubled, tipping hazard increased four times when, 9-7-57, p. 75
Transmissible gastro-enteritis, no known treatment for, 4-6-57, p. 24
Tree limbs, dead, should be trimmed, 3-2-57, p. 52
Trees and shrubs, distance apart to plant, 4-20-57, p. 42
need water if dry spell of three or four weeks, 5-18-57, p. 39
reduce winter fuel bills, shelter belt of, 1-19-57, p. 39
young, suggestions for planting, 5-4-57, p. 26
2,4-D can be used in corn and oats, 6-15-57, p. 51
for weeds, keeps cows out after spraying pasture with, 7-20-57, p. 14
Vacations, family, should be planned in advance, 8-17-57, p. 65
Vaccination, cholera, hog raisers' insurance against loss, 2-2-57, p. 36
of pigs for hog cholera good insurance, 7-6-57, p. 20
Ventilation should be provided in heated buildings, 2-2-57, p. 36
Water pipes, shallow, safer when ground is white, 2-2-57, p. 36
Weed killers, points to remember about, 6-15-57, p. 21
killings chemicals, how to apply, 6-15-57, p. 51
Weeds in farm pond, suggestion for preventing, 9-7-57, p. 75
best time to spray for, 6-15-57, p. 51
build up nitrate content after 2,4-D treatment, 7-20-57, p. 14
in corn use both plant food and water needed by corn, 6-1-57, p. 42
must be covered first time over in corn or bean rows, 6-1-57, p. 42
treated with spray should not be mowed or plowed under immediately, 7-6-57, p. 20
Wheat to be stored, moisture content of 7-20-57, p. 14
Wires on pasture fence, three tight wires better than four loose, 4-20-57, p. 42
Wiring too small for load in home, indications, 1-5-57, p. 27
Wool, when to apply for incentive payments on, 4-6-57, p. 24
